NORWAY AND VICINITY

The Universalist Sunday School will hold a picnic Wednesday, August 28th, at Della Noyes' camping ground at the lake. Both old and young are expected to attend and enjoy a picnic dinner at the lake. A boat will leave the wharf at 10 o'clock.
Mr. and Mrs. Fred Cummings and Mr. and Mrs. J. P. Swain are spending a week at Kezar Lake, Center Lovell, the guests of Mr. and Mrs. Sam Ring.
Mr. and Mrs. H. E. Gibson and family enjoyed an auto trip to Freeport, Sunday. Marion Gibson is to spend a few days visiting there.
Katherine Flint is spending a few days at North Norway.

Elizabeth Crockett Blake, Tent No. 8, Daughters of Veterans will hold their first meeting after the summer vacation Friday evening at 8 o'clock at Woodman Hall. There will be work, following which a social hour will be held and refreshments served.

Mrs. Arthur E. Drake of Auburn is spending a few days with her son, How, and L. Drake and family.

The class of '90 Norway High School were pleasantly entertained Tuesday evening at the Green Dragon. Several of the "girls" in the class went to the cottage in the afternoon, the others arriving later. Swimming in the Little Androscoggin, by the old covered bridge was one of the enjoyable features. Exploring the ledges on the hill and enjoying the beautiful view of the surrounding country were some of the pastimes enjoyed into by the company. A fish chowder supper was served, to which ample justice was done. Sandwiches, doughnuts and coffee made up the remainder of the menu. Those present were Mr. and Mrs. Lee M. Smith, Mr. and Mrs. Frank McSwiney, Dr. and Mrs. Harry P. Jones, Mr. and Mrs. Eugene Hitchings, Mr. and Mrs. Freeland Howe, Mr. and Mrs. A. L. Cook, Mr. and Mrs. Llewellyn Cushman and Carrie Tucker.

Everett F. Bicknell is driving the express delivery team and employed about the office.

Dr. B. F. Bradbury is at Camp Keyes, Augusta, as instructor for a medical unit training there.

Mafor Mann is having a vacation from Charles Ridlon's store this week. Charles A. Richardson and family were given a shower by the Universalist Circle in Grange Hall Tuesday evening, more than 200 attending. A large number of household necessities were donated and several long tables filled with dishes, silverware, table linen, bedding and articles suitable to fit out their new home. The family was turned out August 9 and lost everything but a small amount of furniture.

The ladies of the 2nd Congregational Church and Parish met with Mrs. Edith Bartlett Friday afternoon of this week at three to noted arrangements for serving meals at the Fair Grounds Sept. 10, 11 and 12. All interested should attend as there is important business under discussion.

Supt. of Schools, True C. Morrill, has completed his third year at the summer course at the Teachers College, Columbia University and returned to Norway Friday night. His office has been changed from the O. O. F. Block to nicely fitted quarters in the high school building.

Charles A. Richardson has leased the DeCoster house at the head of Main St. where the family will reside for the present. Considerable hay which he bought standing, is being stored in the Hobb's stable on Greenleaf Avenue.

Soldiers' Letters

Letters from our Soldier Boy, Co. D, 103 U. S. Inf., A. E. E., written to his parents, Mr. and Mrs. Archie Hutchinson, West Bethel.
My dear Father and Mother: I will try and write a line to you to-day to let you know that I am feeling fine, but am in the Hospital with 3 bullet wounds, one in my right arm six inches above the wrist joint, one in the outside of my left leg, one in my left side, where my shirt ribs begin, none of them are serious at all, so don't worry. By the time you get this, I will be all right again. As soon as I get so I can write with my other hand, I will write more. In a few days I will be out of doors. I was hit the 19th day of July. We went over the top. I don't know how, but I got there before I got started hardly. Send my mail to the company. Will close with love to all.

My Dear Father and Mother: I will try and write a few lines to-day. I am feeling good, but haven't had my bullets removed yet. I expect they will take them out any day now.

I haven't heard anything about the boys from home only Howard Tyler. I saw him in the hospital with a bullet in the arm. I have one in my right arm and one in my left leg. It is a hard job for me to write with my left hand, but am doing my best for I know how anxious you are when you don't hear from me. Don't worry for I am here I get good care and will be all right soon. How are all the people? Tell Laura that I think of her and will write to her as soon as I can write with my right hand. Will close with love to all. From your son, Pvt. Curtis P. Hutchinson. (Continued on Page 8)

Oxford County Badly Shaken Up
Oxford County and portions of Androscoggin and Cumberland Counties were visited by an earthquake about 12:10 Wednesday morning, Norway, Paris, Rumford, Waterford and Harrison received the full benefit from this unusual visitation. No serious damage was done, but the inhabitants who are not the soundest sleepers, got a scare long to be remembered.

At Norway the shock was severe and the earth movement very pronounced. Few can recall anything like it. A low rumbling preceded the rocking motion which lasted from 10 to 15 seconds. Buildings were rudely shaken which knocked bricks from chimneys and dishes from the shelves. Several wood piles, stored over, stove pipes were uprooted and bed slats dropped to the floor.

There was a general exodus into the streets as people expected an air raid or were unable to account for the strange phenomena. The first thought was a big explosion had happened, but no reports came along to that effect. Ernest Descoteau, the night telephone operator, got in touch with Portland, Lewiston and Rumford but learned nothing had gone up there. Reports over the radio from the United States had received the greatest shaking up.

Dancers in Norway Opera House were given a surprise as the building responded quickly to the earth movement and the chandelier played the role of a pendulum and the party broke up.

Another disturbance was noticed at 2:45 a. m., which rattled windows with a slight tremor, but much less severe than the first shock.

One peculiar thing was the two movements. Many observed the motion to be up and then the others sensed only a swinging movement which left a sensation of seasickness, while some felt a combination of both, like a wave.

Norway Grange
The next meeting of Norway Grange will open at 8 p. m. At the last meeting the third and fourth degrees were conferred on Aldene Bennett, Mrs. Laura Ames, and Zilpha Higgins and a Harvest feast served.

It is hoped that all of the fair committee will be present at the meeting August 24, for final arrangements for the exhibit.

Captain Ada Cox will present the second of the last series of programs.

Mrs. Mary Bennett has visited in Turner and Mechanic Falls and is to spend some time with her sister, Mrs. Olive Kimball, at North Paris. Mrs. Bennett's health is much improved.

Mr. and Mrs. J. B. Barnett of Hill street, South Paris, were recent guests of Mrs. A. E. K. Grover.

Marion (Andrews) Whitman of Bethel has been the guest of her parents, Mr. and Mrs. Eugene Andrews, Cottage street.

Mrs. Sarah Wheeler has visited her daughter, Mrs. Cleve Goodwin and family.

Katherine Flint received a very flattering offer to go to Washburn for a vacation as teacher, but she decided to return to Rumford Falls.

Mr. and Mrs. Francis A. Chandler and Mrs. Helen Emery of Mexico with their guest, Mrs. Hilda Chandler Dunham of Auburn, attended the spot light dance here Tuesday evening.

Gertrude Jope of Fryeburg, who has been spending several weeks with Mr. and Mrs. John Sampson, returned home Sunday. They made the trip by auto and Winfield Cordwell accompanied them. Grace Richardson of Fryeburg returned with them.

Mr. and Mrs. Walter Pride entertained Mr. and Mrs. L. F. Perkins of Auburn, Sunday.

Harry Young of Bethel is visiting his grandmother, Mrs. A. J. Nevers.

Mildred Morgan spent a short vacation at her home in Bethel the past week. Edmund Downing, pattern maker at the Carroll-Jellerson Shoe Co. spent Sunday at his home in Auburn.

Norway Roads had Bad Name
"A blind autoist could tell when he reached the Norway line" was a remark overheard recently. "Not by the smooth condition of the highway, but in the tossing and bumping resulting from a rolling prairie effect on every road within the boundaries."

The concrete speedway on Main St. is all right, but it is a terrible shock to be let down at either end. Complaints are being made not only from those who thrash over the trail every-day, but visitors are saying things usually printed with a long dash.
Many wonder why motor parties for the White Mountains Dodge the village and take a short cut up Fair St. for the highway. They willingly forego the pleasure of a trip along Lake Penesseewassee's picturesque shore and the fine mountain scenery beyond. There is a good reason for this determination to take the least desirable route and the roads. Something substantial must be done if we are to receive any thing better than a lukewarm comment in the Automobile route books.

It requires proper material and a sizeable appropriation to build good roads. The road that will be built, "Smoke that will sell" will. Every "show" week in the past has failed to show the same cash business. The experimental stage has passed, and this shopping feature will become an annual event which will grow bigger and better.

Local Boys Do Riveting Stunt
A "riveting" gang composed of Oxford County boys made a record last week at the Texas Ship building Co. yard which will be hard to beat. The record of the seventy-five boys working there helping Uncle Samuel win the war.
The winning crew was led by Harley D. True of Norway, who is in charge and handles the pneumatic hammer, Walter E. Fittrell also of Norway, the holder of the record. He is sometimes called, "who holds the head of the rivet while the driver converts the point into a head, Guy F. Stevens another Norway boy, as passer-up and Fred Smith of West Paris, who played the important part as "header."

Their record for 5 1/2 days, allowing 8 hours for a day's work was 4,000 rivets. Thursday, Aug. 15, was their best eight-hour record with 901 rivets placed. Tuesday was their lightest day as only 584 were driven. The gang worked less than five hours Saturday, but landed 410.

This is a big record considering the kind of work performed. They were riveting oil and water tight compartments which requires the greatest care to make perfect joints. The "tapper" who can locate every hole in the parts of a ship that must be water tight, such as the shell plating below the water line, bulkheads separating water-tight compartments, etc., an average speed of 500 rivets a day is considered good by the Red Cross. The seats will be reserved at Stone's, Monday, Aug. 26, without extra charge. The Operetta will be followed by a dance.

Mrs. Frank A. Danforth is entertaining her sister and husband, Mr. and Mrs. Pliny Allen from Southern Pines, N. C. Mr. and Mrs. Edward Packard have received word from their nephew Leon Martin Co. D. 103 Infantry that he was not killed in action as reported but wounded in the leg by a bullet. The last letter stated he was able to get about with crutches and expected a rapid recovery.

Mrs. Henry B. Foster and daughter, Laureline have returned from a two weeks outing at Bailey's Island. Mrs. William F. Jones and daughters will remain until the last of August.

Howard Smith, cashier of the Norway National Bank went to Fairhaven, Mass. Saturday and joined Mrs. Smith at the home of their daughter, Mrs. Lester Horne.

(Continued on pages 4 and 8).

BETHEL

Songo Road
C. F. Upton has finished haying for G. H. Wilson and returned home and is getting his own hay. Mr. Wilson is helping him with the team.

Evans Wilson spent a few days vacation at C. F. Upton's recently. Myrtle and Myrtle were at C. F. Upton's Friday for a call on Mr. Wilson.

Seldon Grover shot seven hedgehogs out of one apple tree Saturday night.

A hard frost, August 18, destroyed many crops about here. This is a bad year for the farmers.

Mr. and Mrs. Will Love and daughter and Urban DeConner spent Sunday at T. F. Hastings' camp at Songo.

A. E. Kimball has a heifer that dropped a calf Aug. 15, that could be weighed on a 30-pound scale, the smallest calf he ever saw.

Mr. and Mrs. Milard Clough, Vira Holt and Dorothy Clough went to Bald Mountain in search of blueberries one day last week, but got only a few.

Fred Murphy and brother from Berlin, N. H., were at A. B. Kimball's, Sunday. Herman Brown is helping Charlie Kimball finish his haying.

Milard Clough has finished his haying and gone back to Bethel at his trade, painting.

MASON.
E. H. Grover has finished work for Henry Verrill of West Bethel and is at home harvesting his grain.

D. W. Oushing has been cutting the hay on the Ernest Swicker place.

J. A. McKenzie has been haying for Mrs. Mary Dunham.

Genas Mills of Albany is helping his brother Elden Mills haying.

Elden Garey of Sumner visited his sister Mrs. E. A. Grover a few days last week.

G. D. Morrill of West Bethel was in town on business, Monday.

WATERFORD

Temple Hill
Mr. and Mrs. S. A. Lord of Beverly, Mrs. M. L. Miller of Waltham and Mrs. B. Wagner of Roxbury, Mass. have returned home after a two week's visit with relatives.

Lillian and Grace Skinner are working at the Summit Spring Hotel.

Hazel Miller has returned from the C. M. G. Hospital, Lewiston where she underwent an operation for appendicitis.

C. C. Battles of Brockton, Mass., is visiting at A. C. Davis.

Soldiers' Letters

We have received a number of very interesting soldiers' letters to be published in the Advertiser next week and the few following. Among them are letters from George Frost of South Paris, a brother of Mrs. E. A. Tyler, who is in France. He has been gassed and tells of his journey from the trenches to the hospital; one from Private Frank L. Briggs of Harrison, several from Jacob many others in from Clarence W. McGown and several from Vincent B. Hamlin, a nephew of Mrs. Everett F. Bicknell, also letters from Lieut. Guy Swett, Sergt. William S. Bennett, Clarence V. Stevens and others. These are all exceedingly interesting letters and relate a wide variety of new incidents and experiences. Be sure and read them. They are direct from the firing line.

Alfred Monk was home from Bridgton over the week end.

Among the other things the Wednesday morning earthquake shook up, was an air plane story to the effect that several moving lights had been seen over Norway directly after the disturbance. Several hundred people on C. street failed to notice anything overhead but a full moon in a perfectly clear sky.

A hundred or more chimneys will need topping out before winter, owing to the general shaking up Wednesday morning. Scarcely a house in the village with loose bricks in the chimney, that escaped entirely. Many theories both sane and insane have been advanced as the cause of this movement. An exploding meteor striking the earth nearby, is the latest explanation.

Walter L. Bacon has returned to the Carroll, Jellerson cutting room, after several weeks' vacation at his home in Bryant's Pond.

Mr. and Mrs. Winslow Frost of Portland and Mr. and Mrs. Leon Dow of Andover were in town Sunday to attend the funeral of Albert Canwell.

The Red Cross rooms will be open Tuesday, August 27, and a large number of workers needed. The August allotment has been late in arriving and it must be finished as soon as possible.

A UNIQUE RECORD

Home testimony for Doan's Kidney Pills, published in every locality, is of itself convincing evidence of merit. Confirmed testimony forms still stronger evidence. Years ago, a citizen of Norway gratefully acknowledged the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the proof more convincing. Cases of this kind are plentiful in the work of Doan's Kidney Pills—the record is unique.

S. C. Foster, barber, Main street, Norway says: "I have used Doan's Kidney Pills and I am only too glad to say to others I think they are the best of kidney medicines. Several years ago I had kidney trouble. I got Doan's Kidney Pills at F. P. Stone's Drug Store and I was soon feeling all right again. I remained so for a long time, but later caught cold and my kidneys gave me trouble. I again took Doan's and they gave me relief." (Statement given July 24, 1908).

On June 6, 1916, Mr. Foster added: "I still think as well of Doan's Kidney Pills today as when I first endorsed them. I use them occasionally, as I feel in need of them and I am always promptly benefited."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Foster had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

WHILE THE WAR GOES ON

Our soldier boys they leave today,
And still the war goes on.
They go to join the battle fray
And still the war goes on.
I know they go to cross the sea
I know they fight for mine and me
And I will patriotic be
While the war goes on.

Some folks laugh and others smile,
And still the war goes on.
And some will sit and cry awhile,
And still the war goes on.
We read the casualties every day,
And people stop to kneel and pray,
And thousands falling in the fray;
And still the war goes on.

Shall we give up our land by birth,
While the war goes on?
To the nearest nation on the earth,
While the war goes on?
Ah no, we'll fight them man to man,
The cowardly, beastly, tyrant gang.
They'll never beat our Uncle Sam.
While the war goes on.

The freck and ruin they have wrought
While the war goes on!
Poor Belgium I'll forget her not,
It almost makes me feel heart beat
Each day the things I hear and read.
Show me the man who did that deed.
While the war goes on.

I seem to hear the cannon roar,
And still the war goes on.
As I stand and look from my open door,
And still the war goes on.
I stroke my youngster's waving hair
And think of the children over there,
And still the war goes on.

I hope we all shall live to see,
While the war goes on,
Old Uncle Sam in German
While the war goes on.
It's up to us to work and save
And drive the invaders to the grave.
Each cruel, fiendish, cowardly knave,
While the war goes on.

Oh America, land the free
While the war goes on.
The land that belongs to you and me,
While the war goes on.
Let my arms around thee fold,
Mine the hills of glittering gold,
Mine, yes, mine to love and hold
While the war goes on.

THE WAR GARDENER'S REWARD

His vegetables may look so poor
His wife dislikes to cook 'em.
Or garden thieves may steal the best,
And come dark nights to 'hook 'em.
Still he gets satisfaction from
His labor by the sweat of his brow,
That he had full six months of fun
Watching the things a-growing.

SOUTH HIRAM
All roads led to Cornish fair grounds
this week.

Mr. and Mrs. Spring and Mr. and Mrs. Seth Spring were Portland visitors, Saturday.

Mrs. John Durgin has returned from Portland much improved in health.

Joseph Taylor has returned from the South, where he has been for several months.

Mrs. Alice Varney who has been stopping with her father, Mr. Harrison Gupit, in South Windham, since the death of Mrs. Gupit, has returned home.

Edwin Silva who has been spending his vacation at Holmes farm with his family, returned to his home in South Windham, Sunday.

The Misses Esther, Marion and Loletta Crabtree were guests on Tuesday of Gladys Durgin.

Edwin Jones of North Fryeburg was in the place Sunday, looking for corn shop help.

Will Clarke, a former teacher here, but now stationed at Camp Devens, was cordially greeted by his many friends here Sunday.

Mrs. Etta Silva and daughter Evelyn were guests for the day, Thursday, of Mrs. Bertha Durgin.

Mr. and Mrs. Phil Durgin spent Sunday evening with Mr. and Mrs. Harold Day.

The Good Will Club was entertained by Mrs. Eugene Stanley on Wednesday afternoon.

WATERFORD
An auto party from Turner, consisting of Howard Parsons and wife and three friends were at Isabel Whitcomb's, Sunday. They were also at John Grover's the same day.

Fred McAllister of North Waterford bought a pair of horses of John Grover last week.

Arthur Pitts, wife and two daughters Dorothy and Beatrice, who have been visiting Mrs. Pitts' sister, Mrs. Addison Millett, and also her brother, George Rice, for two weeks or more, started for their home in Quincy, Mass., the first of the week. They made the trip home by way of Conway, N. H., as they came in their automobile.

PIGEON HILL

Oxford Grange held its regular meeting August 17th, after its vacation of one month through July and August. The dance committee turned in \$135.00 towards paying the debt and grange voted to continue dances every Saturday evening for a while longer.

Voted to hold a fair in October also a grange picnic dinner August 29 at the Hall for the purpose of doing the annual cleaning.

The program consisted of readings and each one telling how they spent their vacation.

Harry Merrill
Harry Merrill passed away at the home of Percy Cox Sunday, August 11th, after a long painful illness. He leaves a widow, mother, brother and step-daughter to mourn their loss.

The funeral was Wednesday at 2 o'clock, Rev. C. G. Miller officiating. The flowers were beautiful. Interment at Maple Grove Cemetery at Mechanic Falls.

Mr. and Mrs. Clarence March and daughter Margaret were Sunday guests at Elmden Farm.

Mrs. George Waitt is ill at her home, Pinnacle Farm. Mrs. Dunn, her mother, is also very sick. Mrs. Lapham of Oxford is caring for them.

Truman Emery spent the week end with his parents at West Paris.

Lillian Haskell is off with a party of 50 on a hike to the White Mountains.

Orin Martin and John King and family spent Sunday at Orr's Island with friends.

WEST BUCKFIELD
Mrs. G. H. Warren of North Buckfield spent last week with her son, O. D. Warren and family.

A. L. Gatchell and son Victor and family called at J. W. Smith's and W. L. Egge's, Sunday.

Joe Cummings and family of South Paris were at J. W. Smith's Saturday night and Sunday.

Mr. and Mrs. G. S. Record and Harold were at Irving Smith's, Sunday.

South Paris were at J. W. Pearson's for the week end.

The storm Wednesday, the 14th, nearly ruined the crops in this part of the town. Norman Bessey's crops were totally destroyed and much damage done to his house. Fifty panes of glass were broken.

Wilma Mason was week end guest at S. E. Briggs'.

Mabel Pearson was with her sister in South Paris a part of last week.

E. H. Buck and P. M. Bennett's team have commenced hauling plank to the station again for the Diamond Match Co.

Lawrence Morse, who is working in a Bath shipyard, came home Saturday sick and was taken to the C. M. G. Hospital Sunday morning and operated on for appendicitis.

BRYANT'S POND
The severe shower of Wednesday, Aug. 14th, accompanied by wind and hail, with the later frosts as a damage, keeps the farmer guessing as to whether he will have any crop or not.

The house on the Rumford road built by William Mitchell and the property known as the old Clover Mill lot, has recently been sold by Charles H. Buck to C. E. Tibbets of Canton. This property is all located near North Woodstock village. Mr. Tibbets has taken possession and moved to the premises last week.

Clara Jackson, a graduate of the 1913 class, Woodstock High, has been called to take charge of the Kimball Grammar School in Rumford Falls.

Mrs. Edwin Thompson left Saturday night for Davis, West Virginia, called there by the death of her son-in-law, James Wilson.

An important meeting of the First Universalist Parish is to be held at the church on Thursday evening, August 29, at 8 o'clock. The pastor, Rev. C. G. Miller, will be present, also Hon. Alton C. Wheeler of South Paris. A prominent feature of this call is an article designed in reference to conveying the church property in trust, to the Universalist Convention. It is hoped that all who have an interest in this little church and a desire for its future safety and prosperity will plan to be present.

Congressman White accompanied by several prominent men of the county, met with a number of friends here, Friday afternoon. The gathering was on the corner and Mr. White made a brief speech from his automobile.

The Ethel May Shorey Co. will entertain again here on Friday evening of this week. A play written by Miss Shorey will be presented, "The Girl that Came Back."

EAST OXFORD
Mr. and Mrs. Chester Witham and Winship Callaghan passed the day, Sunday, with relatives at Whitney Pond.

Is Your Home Protected?

This matter of lightning rods should be a personal one with you.

Is your home protected? If not, can you afford to take the chances of its destruction?

You may have been spared up to this time, but give it a moment's thought and see whether it has not been through your good fortune rather than through your good management.

You have no assurance that lightning will continue to spare you.

It has visited your neighbors. Your turn may come next. If it should visit your home, it means certain destruction of property. It may mean sudden death to you or to some member of your family.

You cannot shift the responsibility. It is a matter for you to decide. Face the issue squarely and ask yourself the question whether you are playing the part of the prudent man in neglecting to guard your home and dear ones from the lightning stroke which may come at any time.

You have the highest assurances that can be given the Dodd System of lightning rods does give protection.

It is a reasonable system. The demonstrations put its effectiveness beyond question.

The position that the insurance companies have taken in the matter should have great weight with you.

Their interests are to preserve property. They have no personal interests in Dodd & Struthers.

Your interests are the same. You want to preserve your property—and your life and the lives of your family.

The insurance companies are encouraging you to protect your property.

But they cannot force you to act. It is a question for you and a question of NOW.

After awhile may be too late. Will you answer the question to your own best interest?

Then if in doubt, telephone to A. W. Walker & Son for a demonstration, and estimate on your buildings.

Cut the Cost of Mileage

When you see a car puffing and panting up steep hills and over rough roads when it really ought to move along as easily and as steadily as a brook glides in its course—blame it on inferior gasoline.

The use of poor gasoline, whether for limousine, touring car, roadster or motor truck, is always extravagant waste.

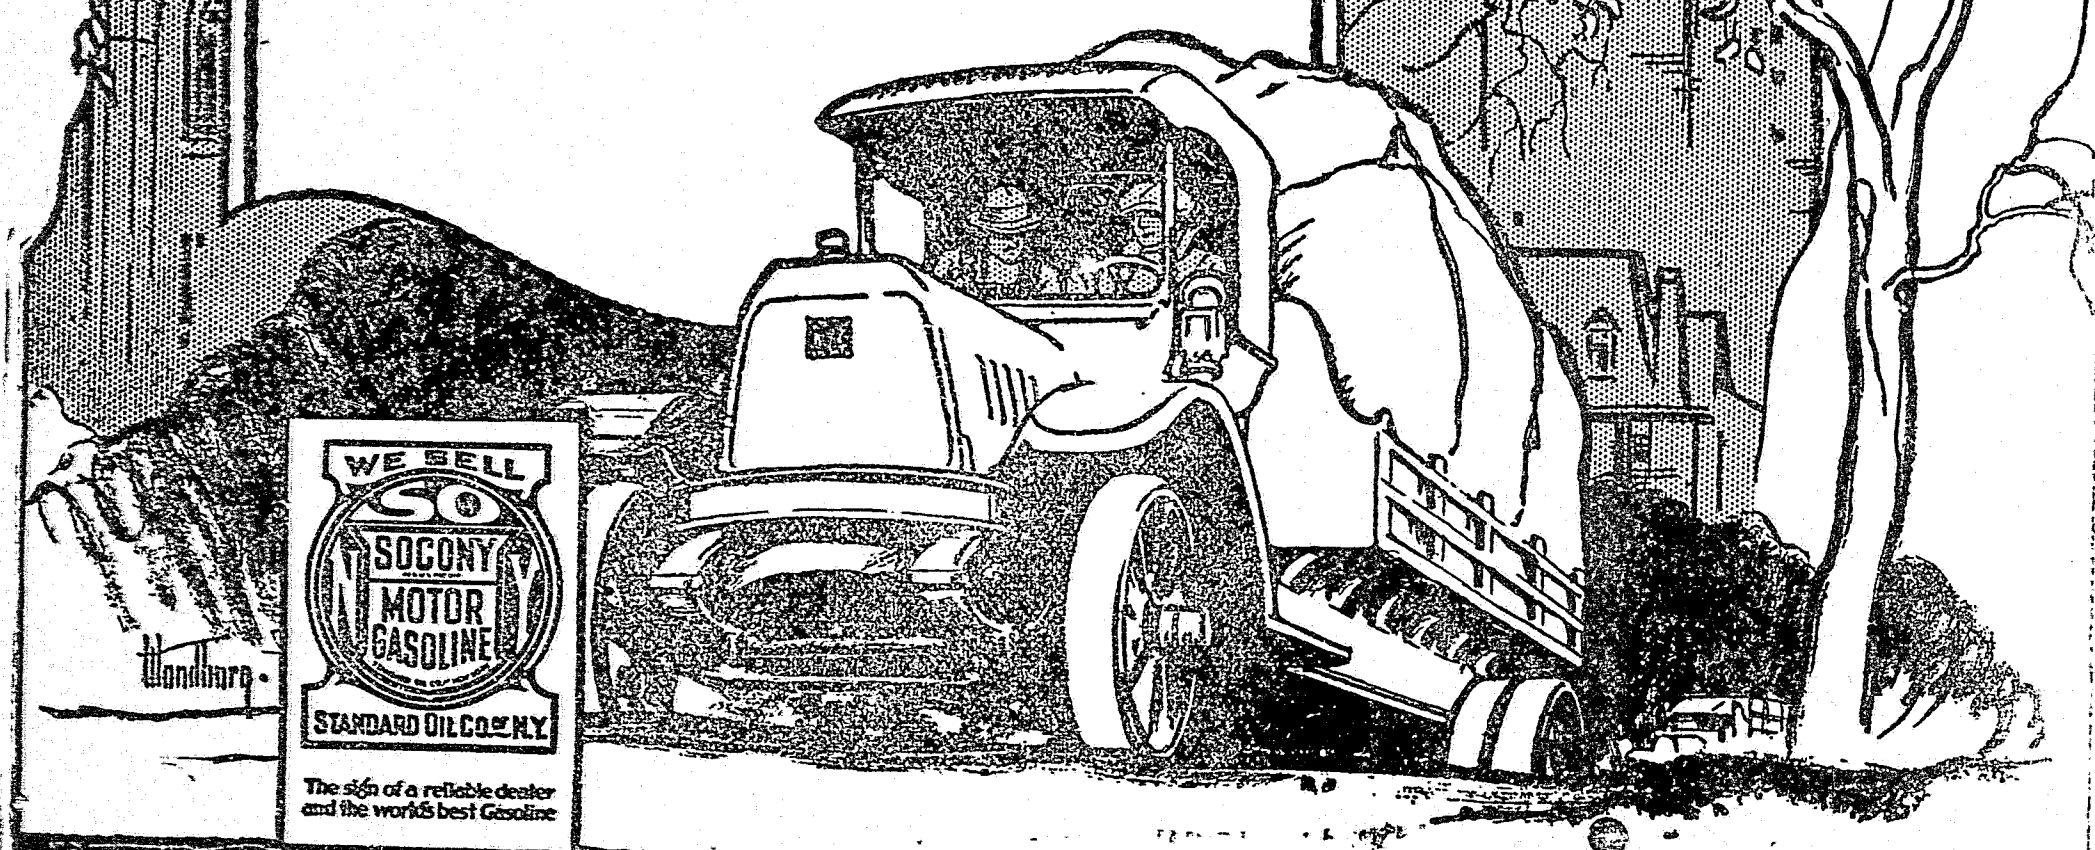

In these days there is no excuse for such waste. Buy high mileage and full power. Buy SO-CO-NY Motor Gasoline.

SO-CO-NY is the surest economy. It means more miles per gallon. It is clean—powerful—quick-starting—reliable.

Look for the Red, White and Blue SO-CO-NY Sign. SO-CO-NY means saving wisely. It cuts the cost of mileage.

TRANSPORTING OUR TROOPS

The world has been astonished at the
great number of American soldiers trans-
ported to Europe in the last half year.
The number now approximates 1,500,000,
and the loss of life in transporting them
has been almost infinitesimal.

The success with which we have moved
our troops from the scattered camps in
this country and across 3,000 miles of
ocean to the battle front is great evi-
dence of American efficiency. We have
not only surprised our enemies; we have
surprised our friends and ourselves.

The British controller of shipping, Sir
Joseph Maclay, speaks of this movement
across the sea as "A transport miracle."

We have been inclined to attribute this
achievement solely to our Navy and our
shipping, but the British controller
speaks in high praise of the share the
American railroads had in the work. He
says:

"If the American railroads had not
been operated with success the whole
transport movement might have failed,
because it was essential to quick trans-
portation that the troops should be re-
ady for the ships."

Director General McAdoo seems just-
ified in his statement that while the de-
velopment of the policy of the Railroad
Administration requires time, progress
has been made toward the goal.

"I Is" Was Good

"I is," began a small student. "I
am" promptly corrected the teacher.
"I am the ninth letter of the alphabet,"
finished the boy.—Boy's Life.

Rheumatism Arrested

If you suffer with lame muscles or
stiffened joints look out for impuri-
ties in the blood, because each at-
tack gets more acute and stubborn.
To arrest rheumatism you must
improve your general health and
purify your blood; the cod liver oil
in Scott's Emulsion is Nature's
great blood-maker while it also
strengthens the organs to expel the
impurities. Scott's is helping thou-
sands who could not find other relief.

SOME AUGUST BIRTHDAYS

Should you object to having your birthday announced it will be omitted on request.—Editor

Howard Daniel Smith was born in Oxford, August 16, 1844. He was elected cashier of the Norway National Bank, January 1, 1875, which position he has held continuously for 44 years since January 1. He is a prominent Norway citizen and has a voice in Grange matters and all the masonic bodies.

John F. Sampson, painter and paper hanger, born in Waterford, August 16, 1861.

S. Bion Pike, born August 17, 1867.

George Douglass Frost, born August 18, 1861.

George Leon Curtis was born in North Paris, August 19, 1870. He has been express agent and town clerk in Norway for a number of years and on November 1, 1909, he was chosen treasurer of the Norway Savings Bank, which position he now holds.

G. Oscar Bennett, an ex-shoemaker, was born August 19, 1850, in Greenwood. He runs a farm on Orchard street, and delivers a fine grade of milk to a limited number of customers, also sells raspberries from his place in their season.

Joseph Emile Beaulieu, Grand Trunk station agent, born in Bic, Quebec, August 19, 1888.

George A. Gunn of Danvers, Mass., ex-superintendent of B. F. Spinney & Co. shoe factories, born Aug. 21, 1841.

Mary C. (Sanborn), wife of F. H. Stevens, born Aug. 24, 1880.

Harry Rust Virgin, prominent Portland attorney, born in Norway, August 25, 1854.

Mrs. Nettie M. (Fuller), wife of F. E. McSwiney, 27 Elmwood St., Boston, was born in Norway, Aug. 27, 1872. Previous to her marriage, she was cashier at the C. F. Ridlon grocery store. She and Mr. McSwiney visit Norway every year with her mother and spend a month.

Charles Newell Tubbs, president of Norway National Bank, was born August 27, 1837. He is a descendant of one of the pioneer families, his great grandfather being Jacob Tubbs, the first to settle in Laas grant and settling here in 1795. He owns a large amount of real estate in town.

Mary E. (Robbins), wife of Charles H. Crockett, born August 27, 1851.

Henry B. Foster, clothing dealer and interested in the manufacture of shoes and hosiery was born in Norway, August 30, 1872, and resides in the John Horne place on Main street, which was at one time known as the Old Ladies' Home.

Herman Asa Richardson was born in Greenwood, August 31, 1894, the son of Mr. and Mrs. A. J. Richardson. "Herm" was employed at E. B. Jackson's market for a number of years and is now working in the construction of shoes.

Elmer D. Packard was born in Greenwood, August 31, 1893, the son of Edward and Elviesia Packard, now residents of Norway. Mr. Packard married Alma Shepard, the oldest daughter of Mr. and Mrs. John C. Shepard of Auburn. Packard is clerk at the H. B. Foster Clothing store.

Mrs. Virginia E. (Sargent) Eaton, born August 31, 1882, and is the wife of Prof. Hal Eaton of Bangor.

If the above suggests sending a birthday reminder, please say you saw the announcement in the Advertiser.

NORWAY HISTORY

The following letter from J. Frank Gibson, vice President of the National Bank of Visalia, California, will be eagerly read by those interested in the new Norway History.

Visalia, California, August 2, 1918.
Mr. C. F. Whitman,
Norway, Maine.

My Dear Whitman:
I am agreeable to your Norway History proposition and when I have a little more spare time I will outline a sketch as you desired in your letter to me of July 20th. And I will further say, when you have your bills ready, kindly mail to me and I will send you a check. I know of no one that could write a history of Norway who would be more fitted for the undertaking than yourself.

I am yours very truly,
J. F. Gibson.

The Gibson family was one of the most prominent in town. The name, will be preserved for future generations in "Gibson's Grove." The father and mother died many years ago, but the children, six boys and two girls, are all living and have been very successful in business. All but Harry who resides here, live in California and all cherish a warm regard and affection for Norway.

What a family group cut they will make in the history. Other families will be similarly represented, and among them may be mentioned that of the late Wm. P. French. The children are all living on the old homestead near the Chapel except the youngest, the lamented Arthur F. French, one of the finest young men ever reared in Norway.

Another of the old families deserving of a very prominent place in the book is that of the late John J. Hayden whose widow, Mrs. Clara M. Hayden, the granddaughter of Samuel Ames, the first settler in and founder of Norway Village, is living in the full possession of her faculties at ninety years of age. The late Nathan W. Millett's family will constitute another group. The Cummings' family will be very fully represented and among other cuts, there will be a group of five generations of Stephen Cummings.

The cuts of Frances A. Danforth and wife, Solomon L. Millett and wife, Charles W. Ryerson and wife, with many others it is expected will be in the book.

Mr. Whitman expects to obtain cuts of

most of the citizens living on the east side of the lake where he taught his first school in the winter of 1865-6 and "boarded around." They include such substantial residents of the town as Ed. A. Morse, Ansel Dinsmore, Alanson M. Dunham, Thomas H. Richardson, Moses Parsons, Daniel Cummings, Wm. R. Crockett, Ephraim S. Crockett and James Bennett. He has just received a fine photograph of Lt. Sumner H. Burnham from his brother Silas H. Burnham of Lincoln, Nebraska for one of the two group cuts of Norway commissioned officers in the Civil War.

These two groups will be made up of the following: Gen. George L. Beal, Col. Harry East and Capt. Jonathan Blake, Wm. W. Whitmarsh and Henry R. Milllett, for one and Col. Wm. Wirt Virgin and Capt. Amos F. Noyes, I. Frank Hobbs, Wellington Hobbs and Lt. Sumner W. Burnham for the others. All these officers rendered efficient service for the country in the hour of its peril. Capt. Wellington Hobbs was killed on the firing line in front of Petersburg, Va. All the others came home. He had risen from a private by merit alone to the rank of captain. Lieut. Sumner W. Burnham for bravery, under fire won a Kearney medal and a commission, and these two deserve places with the other distinguished officers who will constitute these groups. All have passed away but Col. Wm. W. Whitman, the grand old man of the town.

In order to complete the family statistics, some member of each one will be seen to furnish and correct names and dates and all will be given an opportunity for an appropriate place in the book by cut, sketch or mention as desired. No effort will be spared to make the genealogy of families, full and complete, nor any expense to make the book one of the very first of town histories. It will be the author's best production.

Mrs. Doris Morrill is enjoying a three weeks' vacation from her duties as stenographer at the A. J. Stearns law office. Genevieve Barker is taking her place during her absence. Mrs. Morrill has been at her old home in Gardiner.

Mrs. Richard Dietrich of Auburn and her niece, Helen Reed of Bedding, Mass., have been the guests of her sister, Mrs. Harry Judkins, Pleasant street.

Isaiah Lovell of Lewiston was in town Sunday to attend the funeral of Albert Canwell.

Ruth Cummings and Marion Haskell have been canvassing the village for Red Cross members and distributing literature.

Frank Jewell has charge of the B. G. McIntire Democratic Club rooms on Main street. The headquarters are open every day and evening.

Roger Sloane returned Friday from Naples where he has been employed for the past few weeks.

Mrs. Solon Downing received a letter Friday from her son, Wilbur S. Downing of Company D, 103rd Inf., dated July 23, stating that in the big drive he received a bullet wound in the elbow of the right arm. The letter was written with his left hand. An X-Ray had been taken that day but had not learned the surgeon's verdict. He said he was all right and not to worry as he thought it would not amount to anything serious.

Fred Winslow, son of Mr. and Mrs. George W. Winslow of Auburn, formerly of Norway, has been spending a short vacation with George L. Curtis and family. Mr. Winslow has enrolled in the U. S. Naval Reserves, and expects a call at any time.

Harley D. True and Alvin C. Scribner of Bath were in town Sunday. Mrs. True is recovering rapidly from an operation for appendicitis and was released from the hospital this week.

GERMAN VIEW OF CHRISTIANITY

Frederich Wilhelm Nietzsche was one of the most noted of modern German philosophers. How much has his philosophy affected the views and character of the Germans of to-day? Is not the answer written in the blood of the women and children, the old men of occupied France and Belgium? Are not the Lucania victims witnesses to German adoption of Nietzsche's faith?

Here is his indictment of Christianity: "With this I conclude, and pronounce my sentence: I condemn Christianity. To me it is the greatest of all imaginable corruptions. The church is the greatest parasite; with its anemic idea of holiness it drains life of all its strength, its love, and its hope. The other world is the motive for the denial of every reality. I call Christianity the one great curse, the one great intrinsic depravity, the one great instinct of revenge, for which no expedient is sufficiently poisonous, sweet, or underhand, to gain its ends. I call it the one immortal shame and blemish upon the human race."

The old saying that lightning won't strike a feather bed might be somewhat shattered when it is learned a hen was struck by lightning in one of our recent showers. It may make a difference whether you are on the feathers or the feathers on you.

Do You Realize That Your Liver Causes More Trouble Than Any Other Organ of the Body?

Fortunately this trouble is very easily eradicated and responds quickly to the most pleasant-tasting medicines

GRANULAR EFFERVESCENT SALTS

are easy and pleasing to take, give quick relief without any unpleasant after effects.

REXALL LIVER SALTS

is a favorite preparation which thousands of people use, as its enormous sales convincingly testify.

It produces practically the same beneficial results as the celebrated Carlsbad water, for which people cross the ocean and spend thousands of dollars.

It is recommended for rheumatism and gout, as well as heartburn, indigestion and skin disorders.

It is generally advisable to use Rexall Liver Salts to cleanse the system before taking other medicines because it will put the system in thorough condition so that it can best assimilate other preparations.

Other granular effervescent preparations to which we call your attention are Rexall A B C Seltzer, Sodium Phosphate, and Citric Magnesia.

We will be very glad to explain to you the formulae of any of these.

Clothing Prices Will ADVANCE

The unprecedented price increases in both raw material and labor which have taken place since our stock was purchased have proven our foresight in buying a large stock early in the Spring. Our customers will, now, benefit by the lowest figures which garments of this quality and reliability will be sold for. Men realize that by wearing good clothes that they are practicing economy and doing a patriotic duty.

DIRECT

The House of Kuppenheimer has the greatest and most complete assortment of manufactured garments ever shown by any firm. This institution is not dependent upon middlemen for its supply, but secures cloth direct from the mills in large quantities and manufactures garments in the largest and best equipped factory in the United States. These garments cannot be compared with the ordinary garments offered by retailers who purchase through the middlemen and jobbing houses.

Storm Windows and Doors

James J. Storrow, New England Fuel Administrator, says:

We ask you to impress on the householders of your community the necessity of being extremely frugal in the use of coal. In general, coal saving is promoted in the ordinary dwelling by storm windows and doors.

We Say:

Orders for storm windows and doors are already being placed in order, to secure them in ample time. The demand is bound to be large and prices as low as they will be with the chance of being higher. It takes some little time to make them and now is the time to order.

Bowker entertained a few lady friends at tea Wednesday evening, August 14, in honor of Mrs. Cora S. Briggs and Mrs. Kate Linder, who are to leave for the winter, going to Mankato, Minn. Mrs. Briggs and Mrs. Linder were also entertained recently at tea with other family friends at Mrs. Justina Hall's.

Mr. and Mrs. S. A. Lord, Mrs. Ellen Blake and Mrs. Elizabeth Edgerly made an auto party to Wilton recently to visit Mrs. Blake's daughter, Mrs. E. P. Farlin. Mr. and Mrs. Leonard G. Morton and their children Helen and Hugh, Mrs. C. A. Bessey, Lenora Bessey and Miriam Chapman made a trip to Crystal, N. H., Thursday and Friday.

The Loyalist Sunday School class was entertained by Mrs. Lester Twitchell and Mrs. Harold Briggs at the home of Mr. and Mrs. John Wight Wednesday evening of last week. This week is the fortieth anniversary of Arthur E. Forbes' entrance into the mysteries of a printing office. On August 19, 1878 he started his career in the old Democrat office on Paris Hill and soon became intimately acquainted with the important duties incidental to a country "printer's devil." Excepting four years spent in an institution of learning, Mr. Forbes has followed the game, working from the mechanical department to an oak desk in the second precincts of the editorial office. The longest vacation taken was nineteen days.

Mr. and Mrs. C. E. McCardle returned Saturday night from a visit of several weeks in Schenectady, N. Y., and elsewhere. Mrs. McCardle's grandniece, Lillian M. Steadman of Dorchester, Mass., came with them for a visit.

Rev. and Mrs. A. T. McWhorter and two daughters, Ruth and Kathleen of South Lawrence, Mass., are spending their vacation here. They are occupying the house of Mrs. Mary E. Shurtliff on Main street. Mr. McWhorter will preach in the Baptist Church Sunday morning.

Carrie Hall returned Monday to her work in the registry of deeds office after a two weeks' vacation.

Phyllis K. Forbes of Canton, N. Y., who is a counselor for the summer in Camp Arcadia for girls at Casco, visited relatives here over the week end, making her headquarters at Mrs. George B. Crockett's.

Hon. Wallace H. White, Republican representative to Congress from the Second District, was a recent visitor in town. He was accompanied by a party in automobiles, including Chairman Walter G. Morse of Rumford, Harry E. Dyer of Hanover, Leon M. Small of Mexico, of the Republican county committee, Hon. O. L. Stanley of Kezar Falls, State Senator and candidate for re-election, and a number of candidates for county offices and other Republicans.

Cory. Don S. Briggs of this place is one of the eighty-five men selected from Camp Devens to attend the officers' training school at Camp Lee, Va. Another one of those chosen was Arthur D. Marston of Auburn, who was formerly a resident of South Paris.

Dr. Carl S. Briggs, who burned his right hand severely with melted paraffin a few days ago, is unable to attend his dentistry business for the present. Several fingers are bandaged which interfere with his work. The burns are healing rapidly.

Arthur V. Barker left here Wednesday night, August 14, on his return to Sonoma, Wash. He has been here four years, employed as saw filer in the factory of the Paris Manufacturing Co., and notes the fact that he has not lost an hour during that time. His family have been in Washington for some years. Mr. Barker is a native of Oxford County and has worked in saw-mills over the state all his life. He is considered one of the best workmen on saw plates in the country.

Forbes Family Reunion

Four generations were represented at the Forbes family reunion on the lawn of Mr. and Mrs. Arthur E. Forbes, Saturday evening. In the party of twenty-seven, were six grandmothers and three great-grandmothers. All but three in the assembly are directly members of the Forbes family, either by descent or marriage, though only three bear the Forbes name.

A long table was set under the trees in front of the house for a covered dish supper which was bountiful and varied in menu.

The South Paris residents who were in the party were Mrs. L. C. Morton, Julia P. Morton, Mr. and Mrs. William P. Morton, Mrs. Louise J. Briggs, Mr. and Mrs. George R. Morton and son Henry Morton, Mr. and Mrs. H. A. Morton, Mrs. Ripah Whitman, Mrs. Mary H. Crockett, Mr. and Mrs. P. F. Crockett and son Richard, Ernest P. Crockett, Ethel C. Crockett, Mr. and Mrs. Arthur E. Forbes, Mr. and Mrs. Clarence G. Morton and children Helen and Hugh did not join the party because of whooping cough in the family, though they drove up within a safe distance for a while.

Visitors from out of town were Mrs. C. A. Bessey and Lenora Bessey of Stonham, Mass., Mrs. L. D. O'Brien and Miriam Chapman of Wellesley Farms Mass., Phyllis K. Forbes of Canton, N. Y., Mrs. Arthur C. Soule and daughter Elizabeth of South Windham, Mae Fales Penfold of Portland.

The day was the fiftieth birthday of George A. Morton in whose honor the birthday cake was cut and served. It was also the eve of the fifth wedding anniversary of Mr. and Mrs. Arthur E. Forbes, who were married August 18, 1913.

W. J. Wright of Portland and Mr. and Mrs. T. H. Thibodeau and F. W. Allen took an auto trip to Bridgton Thursday and attended the fair.

Mr. and Mrs. B. K. Morse of Portland were week end guests of Mrs. L. A. Shaw. Mr. Morse was one of the old Grand Trunk conductors, beginning to work for the road at 15 years of age, when the terminal was at South Paris. His advance was rapid and attained the position of conductor within a few years. For some years he has had a position on the Maine Central.

WAR TIME RECIPES

Bean Loaf

Lima beans, two cups; bread crumbs, dry, one cup; peanut butter, four tablespoons; grated onion, two tablespoons; bacon fat, one tablespoon; dried celery leaves or poultry seasoning one tablespoon; salt, two teaspoons; pepper, one-fourth teaspoon; rice stock or other liquid, one cup.

Wash and soak the beans over night, then cook in boiling water till soft (about forty-five minutes). Drain, and when cool chop coarsely. Add crumbs mixed with seasonings and peanut butter, then add liquid and fat. Put into a greased bread pan and bake in a moderate oven thirty minutes.

Boston Roast

Dry kidney beans, two cups; bread crumbs, one cup; cheese (grated), two cups; salt, three teaspoons; liquid, one-half cup; chopped onion, one tablespoon. Soak beans twenty-four hours. Cook in salted water until soft. Drain; put through meat grinder, add onion, cheese, crumbs, more salt if needed, enough of the water in which beans were cooked (about one-half cup to moisten). Form into loaf. Bake in moderate oven for forty minutes. Baste occasionally with hot water and fat.

Lima Beans Hollandaise

Dry lima beans, one and one-half cups; fat, four tablespoons; lemon juice, one tablespoon; paprika, one-half teaspoon; bean stock, one-half cup; egg yolks, two; parsley, one tablespoon; salt, one teaspoon; pepper, one-half teaspoon. Soak beans, and cook until tender. Add salt while cooking. Cream fat in double boiler. Add egg yolks, chopped parsley, lemon juice, paprika. Beat well, and add bean stock. Add beans and stir over boiling water until the sauce thickens.

Mock Chicken

Cooked beans, 2 cups; stale bread crumbs, one and one-half cups; fat, two tablespoons; milk, three-fourths cup; salt, three-fourths teaspoon.

Press the beans through a fine strainer. Add the milk. Arrange alternate layers of bean pulp and butter crumbs in a buttered baking dish. Cover with crumbs and bake in a moderate oven forty-five minutes. Serve with tomato sauce.

Green Pea Loaf

Cooked peas rubbed through a sieve, one and one-half cups; bread crumbs, one and one-half cups; milk, one and one-half cups; egg, one slightly beaten; onion, one slice chopped; salt and pepper to taste.

Scald the milk, add the onion, bread crumbs, peas, and egg. Season to taste. Bake in a buttered baking-dish or tin-bake mold in a moderate oven until firm about twenty minutes. Beans, mashed carrots, fish, or corn may be used instead of peas.

Scalloped Lima Beans

Put a layer of boiled lima beans into a greased baking-dish. Sprinkle them with salt, pepper, and bread crumbs. Over several such layers pour sufficient medium thick white sauce to cover them. Sprinkle greased crumbs over the top. Bake the dish for twenty minutes in a moderate oven. Other beans may be prepared in the same way.

Bean Croquettes

One cup bean pulp; one teaspoon onion juice or scraped onion; one-half cup thick white sauce; salt and pepper.

Combine the ingredients, and allow them to stand for two or three hours. Shape this mixture into balls, and flatten them out. Roll them in bread crumbs and brown them a small amount of hot fat.

Bean Loaf

Two cups cooked beans; one egg, beaten; one cup bread crumbs; salt, pepper; one tablespoon finely minced onion; two tablespoons tomato catsup or pulp.

Combine the ingredients, and shape the mixture into a loaf. Bake it for twenty-five minutes.

Peanut Loaf

One cup ground peanuts; one cup bread crumbs; two cups boiled rice; one-fourth cup tomato catsup or; one-half cup tomatoes; one egg; salt; pepper; two tablespoons minced onion.

Combine the ingredients, turn the mixture into a greased pan, and bake it in a moderate oven for thirty minutes. Serve it with tomato sauce.

FINE SET OF BUILDINGS BURNED

The fine set of buildings of Samuel Ridlon, located on the Sweden road, about one and one-half miles from North Bridgton village, were struck by lightning Wednesday afternoon, Aug. 14th and entirely destroyed by fire, including four valuable horses. The family was attending the Bridgton Fair and knew nothing of their loss until they returned and were told by their nearest neighbors. A portion of the furniture had been saved by neighbors who were attracted by the flames, and this was moved into the Abner Stiles house, which is owned by Mr. Ridlon. There was small insurance, but the loss to Mr. Ridlon is very large.

A Civil Service examination for postmaster at Hebron will be held at Norway, Saturday August 24.

NORTH PARIS

Minnie Hill and friend Albert Harris visited her cousin, Mabelle Allen at North Paris, Sunday.

Osman Hill and wife and daughter of Norway motored to North Paris, Sunday, with Ed. Bell at the wheel and visited his sister, Mrs. H. B. Allen and enjoyed the day very much. The roads were some thing awful.

Mabelle Allen who has been working as maid for Mrs. E. C. Schwartz has returned home for a few days.

Mabelle Allen visited Mrs. Abner Mann one day last week and took in the pictures in the evening and returned home in the morning.

Howard Allen has finished haying. He has cut a large crop. He did it all himself cutting sixty-five or seventy tons.

Interested in Farming
Harlie Murch who lives with Mr. and Mrs. Howard Allen has been sick the past week. The little fellow said it is a bad time to be sick when there is so much to do. He is boss if he is small and looks after every thing that needs to be done like a man. He has taken care of a two year old heifer and has milked her. No one even milk her but him and he takes care of the calf. It is a beauty and he is proud of it. He has a small garden that he takes care of. He planted two quarts of potatoes and has sold one bushel and got four hills left for seed. He had fifty-three beans he planted and has sold one-half bushel of beans and got enough for seed another year.

This little fellow is only eleven years old but has always been sick. If his health would have permitted he would have been in High School. He cannot be taken care of by his mother and he is beat with figures and he is smart in his books. Mr. and Mrs. Allen are proud of this little fellow.

How to Sweep a New Rug So It Will Not Be Harmed.

A new rug or carpet should not be swept with a broom. Use a carpet sweeper for several weeks until the pile becomes "set." Old fashioned housekeepers never tell you to sweep the new rug briskly to "remove the fuzz." What you will really be doing will be to sweep out some of the nap and probably injure the surface of the rug. If you must sweep, however, be careful to move the broom with the pile of the fabric and not against it. Rugs should never be tacked down. If in certain places in the room they are apt to be rolled back or pushed about attach bits of black tape with snap fasteners at the ends of the rug under the fringe and twin snap fasteners to bits of black tape may be tacked up easily on sweeping day, and the small tacks which hold the bits of tape to the floor will not cause much injury even to hardwood surface.

RESOLUTIONS

Whereas, God in His infinite wisdom, has seen fit to remove from our Grange, a worthy Brother, Frank Henry, who voluntarily offered his services to his country in defense of peace and democracy, and now has made the supreme sacrifice upon the battle field of France, therefore be it resolved, that Fryeburg Grange has lost a heroic young man, and the members all unite in mourning his bereaved parents, brothers, and sister.

Be it further resolved that our charter be draped in mourning for a period of thirty days in honor of his memory, and that the star appearing in his name upon the service flag be replaced with a gold one.

Resolved that a copy of these resolutions be spread upon our records, copy sent to his family and one to the Norway Advertiser for publication.

SOUTH ALBANY

Mrs. Will McAllister visited Mrs. McAllister's brother, Ingalls McAllister, one day last week.

Another frost on low lands Saturday has very nearly spoiled a good many gardens. Some of them were cut down badly by the first two weeks ago and latterly one has made sad work of what was left. We wish Dame Nature would hover over on frosts from now on until after the crops are harvested or at least until they are ripe enough to be out of danger by freezing.

Mrs. H. B. Horr has not been as well for some days.
Mr. and Mrs. Ed. Jackson of North Waterford visited her parents, Mr. and Mrs. C. W. York, Sunday.

Mr. and Mrs. Merton Kimball and two children, Edna and Ethel of South Waterford, visited at Merritt Savin's Friday. Mr. Kimball who has been at work for George Hill has finished work there for the present and will go to work on the house which he commenced in the spring.

Frances McAllister and Verna Kimball are planning to go to Norway and attend high school there the beginning of the fall term.

Ruth and Della Holt of Bryant Pond visited their grandfather, Merritt Savin, last week. They are stopping with their uncle, George Holt, at North Waterford for the present. Mrs. Holt visited Mr. Holt's brother, Hiram Holt, at Bryant Pond recently and brought the two girls back with her for a visit.

The hay crop is reported as coming in light this year, but help is so scarce and wages so high that the shrinkage is not regretted so much by some of the farmers as it would be under more favorable circumstances.

Hiram Holt has been running the mowing machine for Merritt Savin this summer.

Mr. and Mrs. Merritt Savin recently spent the day with their daughter, Mrs. Hiram Holt, at Bryant Pond. Mr. and Mrs. Harry Brown with their two boys, Earl and Raymond, took them over in their big car and went on from there to Woodstock to visit Mrs. Brown's sister, Mrs. Arthur Doughty. Mr. and Mrs. Doughty moved to Woodstock from Providence, R. I., last spring as Mr. Doughty's health was poor and it was hoped that the change might prove beneficial. Mrs. Brown's mother, Mrs. Mary Dresser, who had been spending the past week with her daughter, returned home with them. The trip over was made from No. Waterford on the Bethel road through the "Rabbit" road by the way of Walker's Mills and Locke's Mills to Bryant Pond and came back by the way of West Paris, South Paris and at Norway a stop for a few minutes to call on another sister, Mrs. Edna Sessions and son Rex and daughter, Mrs. Philip Young, then home to North Waterford. A beautiful day, a fine ride and much enjoyed and long to be remembered as another pleasant spot on life's journey.

Guy McAllister has sold his car to W. S. Perkins of North Waterford.
Theodore Browne, who lives with his uncle, Ingalls McAllister, had a bad attack of what was at first thought to be appendicitis, but symptoms afterwards developed seemed to be more like acute indigestion, Friday night. A doctor was called in the night and the little fellow was relieved in a few hours and still continues to be comfortable and getting along well.
David McAllister, Jr., who suffered an attack of appendicitis some weeks ago, had another severe attack Friday and was taken to Lewiston Saturday morning and an operation was performed at once as soon as could be arranged. The operation was successful and he is getting along as well as can be expected.

Helen Holt, who has been spending several months with relatives in Albany, Waterford and Stoneham, has returned to her home at Bryant Pond.
Mrs. W. E. Canwell says that the crows are eating blackberries for them. They have quite a patch in a pasture which, although some distance away, is on a side hill and in full view of the house and the berries are seen to settle among the vines and seem to have a good reason on the luscious berries. Rust, potato bugs, caterpillars in the corn and now crows eating berries, what next?

NORTH LOVELL

Cornelia Bradford and a party of friends from New York are at her summer home for a few weeks' stay.

Mrs. W. D. McAllister of Bartlettboro spent the day with Mrs. Abbie McKee, Friday.

Nelson Abbott of Whitefield called on S. D. Wilson, Saturday.

E. McAllister is threshing oats for the farmers in this locality.

The Southers, who have occupied the Allen cottage the past month, have returned to their home in Massachusetts.
Mrs. Jesse Adams and baby of West Stoneham visited at Harry Hill's, Sunday.

Mr. and Mrs. F. L. Harriman and two daughters were at the Allen cottage for the week end.

Albion Hatch and family of Norway have visited his mother, Mrs. Jane Hatch and her sister, Mrs. John Kimball, the past week.

Mr. and Mrs. Roy LeBaron and little boy of Pennsylvania visited at John Kimball's recently. It has been fourteen years since they have been in Lovell and their relatives and friends are very glad to have them here.

Mrs. John Hatch went to Hiram Friday with W. S. Fox, Mrs. Caroline Fox and daughter Madeline. They went in Mrs. Fox's auto and had a very pleasant trip.

Mrs. Frank Chubb of Lovell Center spent the day with her daughter, Mrs. Susie Wilson, recently.

Albert Brown of Waterford visited at Harry Hill's, Tuesday.

HARBOR

Benson and Harries are threshing grain. Mr. and Mrs. Herbert Hurd were in Norway Monday.

Charles Farrington and Mr. and Mrs. L. D. Charles motored to South Portland Sunday after Mrs. Farrington, who has been visiting their mother, Mrs. L. D. Charles.

Wesley Heald has been with his sister Mrs. Sherman McAllister of Lovell, a few days.
August 18, Mr. and Mrs. Charles Stanley and son and Mr. and Mrs. Herbert Hurd motored to Empire Camp Ground and attended the 28th annual picnic. They enjoyed the sermon by Rev. A. B. Moss. Mrs. Sarah Emery is a guest at Frank Eastman's. Mrs. Emery lived here formerly.
Roscoe Thompson was in Portland, Sunday.

Several have been on Baldface Mt. after blueberries.
James Blake of South Paris is visiting at W. E. Benson's.
Eunice Maxwell is working at Fair View, Lovell.

Big Barn Door Musings, Personal Sketches, etc.

Beane have "gone over the top" of the poles.

It is so lazy he sets in the barn and lets the flies eat him. That is what I expect the passing boys say of me.

A girl will strive just as hard to get a worthless no-account man as to land a prize. Seems as though they lack judgment.

I've enjoyed a two week's vacation and haven't written a word to be printed. The pumpkins and squashes are growing so is the pig.

Mother has discovered a rattle-snake fern and her joy is boundless. Had she been adorned in her lately acquired bathing suit no doubt she would have turned a hand-spring.

Rainy days in haying: Pulling weeds in the corn; mending the pig-pen fence; shelling corn in the attic; turning the grindstone when I wanted to go in swimming or a-fishing.

Mother and my sister are in Red Cross work out of sight, making clothes for Belgian babies. They go to the Church vestry every Wednesday afternoon to confer and gossip with their associates.

The greatest nuisance at the present time—kisses excepted—is the man who has gone out of politics and is continually telling of what he would have done, had he been in Wilson's place.

Every basket on the place is filled with apples. I wanted one to pick up chips, to make a quick fire for boiling the kettle. The six baskets found contained apples and I asked for an apron in which to bring in the chips as my mother used to do.

Several of my family have taken to wading in the water. They call it swimming. I have discovered this by looking at the clothes-line back of the house. High colored and short legged waders and apparel talk the story. And too, waiting for a wind blown, crying off a car-load of kimono covered, gay and giddy females. Why is it that women act so silly when they take to water? Men don't. The excessive heat drives me from one place to another in quest of a cool place. The thermometer is ninety-six degrees in the shade. P. M. 8:14 P. M. and not a breath of fresh air gets to me. A good breeze comes from the west but trees keep it off. Father reckoned he would rather swelter a few days in the summer than be blown away in the winter. Then he spruce and firs were planted for a wind break. I recall his saying that forty-feet high and so close together you could not see through. They are that now but not in his day. I wonder if he would have any of them cut to die for living? My sister and I can hardly see the dead branches cut so they simply grow wild and do the service for which they were planted.

Harold T. Thayer, son of Thede Thayer of South Paris learned the printer's trade in the Democrat Office. By selling letters and ad. cream for A. L. Clark at Old Orchard Beach in the summer time he made a living and married the daughter of Adna Keene of Norway. At one time he got a little crippled either in mind or body and became confidential advisor to C. W. Wheeler of Norway. Last fall he concluded to go to printing and secured a job in Bristol, N. H. as mechanical foreman of the Musgrove Printing House which was established by the late Capt. R. W. Musgrove and now owned by his daughter, Miss Mary D. Musgrove. Harold brought along his wife and daughter, Adna Keene and wife of Norway who happened to be the parents of his wife. Of course, it was only natural I should visit to her home at Bristol is only thirteen miles from the Big Barn Doors. This I did recently.

I found Harold in a wilderness of printing machinery and big girls. He is boss of one young man and six female typesetters, including a Thor-Simplex and a large assortment of presses. He was running a slip-sheeted, half-tone camp-meeting program, which was coming out in copper-plate clearness. Surely he was pleased to see me and stopped work long enough to put me at ease and see the folks in the mud and get more hands are employed. I counted ten persons about the premises who were busy and apparently happy, to say nothing about the litter of paper on the floor and the grim of printer's ink.

Adna Keene works in the Mica Mill—whatever that may be—he gets good pay and is liking. His wife asked many questions regarding Norway people and a burst of pardonable pride showed me the baby—less than seven days old—and what he said how many days before babies opened their eyes. He was disgusted and said, "the dear little thing was asleep."

I was shocked when told they had settled on Miriam Elizabeth for a name. Mary is a good name, so is Elizabeth, but Miriam might have been held in reserve until good names had become exhausted. Harold's "other girl" is as prexy a little miss as lives in the township. I do not know her name, therefore shall refrain from criticising it.

Mrs. Keene is not at home, and is liking her new surroundings and neighbors who are very kind to them. She misses her Norway friends but Harold has a good job and likes and as far as she knows the Musgrove Printing House is satisfied and Bristol will become their permanent home.

In passing out of the city the other day I wondered what the Gale Brothers would say if they could cast their eyes on the Gale Memorial Flag Staff? Benjamin would have had some soothingly polite remarks to make while Napoleon would have shifted the end of tobacco to the other cheek and said: "Oh, Hell! Built in war time when the money should have gone to the Red Cross and suffering Humanity."

Napoleon was endowed with a large amount of common sense even if his side front was often bespattered in tobacco juice.

I recently attended a Farmer's Meeting in the Church Vestry. The audience was made up chiefly of women. There were lectures on weeds, corn, cream and a promenade. I failed to recognize a farmer in the bunch. Sure there were a few who manage to extract an existence from the soil, but you can't call them farmers as I understood the term.

The principal address was "The Successful Marketing of Farm Crops" and was well delivered but as impractical to the average tiller of the soil as Darius Green's Flying Machine. It showed the results of doing away with

middle-man and peddling much as Waiter Buck does in Norway.

The next speaker had decided pessimistic vision with socialistic tendencies that recalled "Sand-Loz Oratory" and the wale that would come out of Kansas after the ravages of grasshoppers.

Both speakers drew a salary from the section. There is a cause.

Can it be possible that they represent the real feeling of the present New Hampshire Farmer? I hope not but the ill-humored and empty cellar making the once happy home of a prosperous farmer is often seen by the road-side in this section. There is a cause.

If the State could invent some way whereby tillers of the soil could get a living without work it would be very acceptable.

Here is a text for a three hours dissection. It applies here as well as in Maine.

The ever striking chime clock of the Peoples National Bank annoys me as it goes over. It makes me think of the antics of a cuckoo clock at a funeral and is as much out of place.

It may be useful as a burglar alarm but why punish the public with it every fifteen minutes out of the twenty-four hours. I suppose it runs nights, I don't know as I'm not in the city after dark. It is not safe.

You have heard the expression for smallness as a 7x9 affair. That is what I called the pig-pen. Mr. Osgood probably didn't say as he promptly said it was big enough.

I have since measured it and find its only 8x7.

The pig or hog is one that has been wired and will weigh close to three hundred pounds. It is long-nosed, white eyed and sneezes incessantly when she hears anyone coming her way. Her mouth isn't big enough to hold her tongue and she rolls it out and barks savagely when I attempt to console her over the smallness of her quarters. A pig at eight dollars a foot could help us out by raising up a family!

This matter is referred to Shortie Cook and Dr. Richardson who know all about such problems.

I recently attended an auction at the Weirs. It was an all day affair. Dinner was taken also the keys to Burdian's Shooters Camp where it was served in regal shape on the veranda. A dozen or more was in the party and it was a picnic. Only two dollars ten cents was expended in purchases by our folks. These were for things thought needed.

David B. Story had been in the hotel business for over fifty years concluded to die last winter and leave his earthly possessions to his heirs. Four sons were in charge and kept Will Lang talking all day to a motley crowd of Ikies and Scheenies who fought and scrambled for bargains. Many truckloads were taken away. It was a fifty-years' collection of industry and saving blown to the four corners of the earth in eight hours.

I would have paid ten cents for a picture of the old Mt. Belknap House as it was seventy-seven years ago. But, alas, when it came under the hammer I was not there.

There has been marked advancement in the family since I was last here. Each one is contented with a separate wife. Mine is number six and stands at the foot in the procession. A ring is provided in which to put the towel and I'm planning an automatic lock to hold them in place when absent. Surely the world is making great strides in sanitation and has displaced the roller-towel.

I can no longer give the great off my brow on my shirt sleeve and drink the well from the up-turned oaken bucket. The march of scientific sanitation has gone on in the land.

By different wells dug in the earth and each member of the family will be fed in an iron cage similar to wild animals in a menagerie. Such is the advance of science among the Granite Hills.

Dr. A. H. Harriman has practiced medicine in Laconia over thirty-years. He came from Lovell, Maine. His first wife, I think was a Fryeburg girl. She died some years ago. The doctor has a position in the People's National Bank of that city. I was recently introduced to him so I could be identified when I go there for money as I occasionally do.

Cashier Ed. Little might be absent and I'd have to hunt round and find someone to tell them I was in. Fred Sanborn I claimed to be. My acquaintances are growing less each year. It was thoughtful of Mr. Little.

I wonder if he now remembers how a good local news item was once left out of the local Democrat because of his pleadings. In the early days of his Ed. visited a town in Massachusetts and paid a court-fine for riding on the sidewalk. Of course, he didn't want to let the Laconia people know about it at that point. It was innocent of any intentional wrong doing and was very much broken up over the affair. I live so far away and so many years have so I've I doubt if he cares much about it now and I'm probably at liberty to speak of it.

Dr. Harriman has been "Family Physician" to our tribe in this vicinity for more than twenty-five years. He exchanges notes with my condition with Major B. F. Bradbury of Norway.

What he says I do not know nor care. It serves the purpose of keeping alive on the edge of the world. Years ago with Dr. Bradbury and does not injure me. I consider all doctors are pretty much fakes anyway, and what they profess to know is largely guesswork. I employ them to keep peace in the family.

Dr. Harriman's second wife is a daughter of G. B. Stratton, of Gorham, N. H. who was proprietor of the Alpine House for many years. Mr. Stratton and wife now live on Pleasant St. Laconia and are near their daughter and granddaughter, a bright little miss of perhaps ten who when she calls here delights to balance herself and walk on the top most rail of the fence. A few years, hence, she will deny ever doing this.

The Journal-Transcript under the heading of the Rambler has this timely suggestion: "Why don't you have something to say about picking up the wind-falls under the apple trees? It is the only way the railroad worm can be gotten rid of," is asked by a reader of this column. Well, the Rambler has had something to say on this for the past eight or ten years, but, some people forget, there are new readers every year, and

so it is probably well to continue harping upon some subjects, especially annual ones. Yes, it is the only way the Rambler knows of by which to get rid of the railroad pest, and it is a pretty sure way. You do not find apples railroaded on or under the tree in a pasture where the cattle eat the apples as they fall. Many readers of this column are now raising good Porter apples, where ten years ago these apples were not worth the picking.

It is some work to keep the windfalls picked up and carried away to a place of safety, the inside of a pig is about the safest place to put them, but it is worth while. A farm or a household with plenty of good early apples is certainly a joy to the household.

DENMARK

Albert H. Jones

After a long period of ill health, Albert H. Jones passed away Monday, Aug. 12, at his late home, the "Maplewood." Funeral services were held Wednesday at 2 o'clock at the Grange Hall, attended by Rev. Mr. Graham of South Bridgton, assisted by the members of the I. O. O. F. Lodge of Brownfield, of which Mr. Jones was a member.

Besides a widow Harriet (Lowell) Jones, he leaves two sons, Dayton of California, and William of Boston, also several grandchildren. Interment in the family lot at West Denmark.

Mr. and Mrs. E. D. Gray of South Harrison were recently happily surprised to hear from their son, Lawrence Perry Gray, over the telephone from Harrison, saying he would be with them. Lawrence enlisted in the Navy 14 months ago and this is his first visit home. He was accompanied by a comrade, Howard Averill. They had a ten day leave of absence. Lawrence is a grandson of W. W. Berry of Denmark at whose home the boys made a visit of two days while in Maine. They looked fine in their uniforms and seemed happy, surely a family reunion. They left Wednesday, August 14, by automobile to Portland.

Oxford County

STATE OF MAINE

List of Candidates to be voted for in the County of Oxford at the State Election, September 9, 1918. Penalty for wilfully defacing, tearing down or destroying a list of candidates or a specimen ballot, five to one hundred dollars fine.

FRANK W. BALL, Secretary of State.

To vote a straight party ticket, place a cross (X) in the square above the party group of candidates for whom you desire to vote; or omit the cross (X) in the large square above the party group and place a cross (X) in each one of the small squares at the right of the names of the respective candidates in the party column. To vote other than a straight party ticket, omit the cross (X) in the large square at the head of the column and place a cross (X) in the small square at the right of the names of such candidates as you wish to vote for in any of the party columns. If the name of a candidate of your choice is not on the ballot, strike out the name under the designation of the office in any of the columns, write in the new name and place a cross (X) in the square at the right.

As an optional method of voting other than the straight party ticket, place a cross (X) in the large square at the top of the column, strike out the name of any candidate thereunder whom you do not wish to vote for, and if you wish to vote for the candidate of another party for that office, place a cross (X) in the square at the right of his name as printed in any other column. If you wish to vote for a candidate whose name is not on the ballot, strike out the name printed under the designation of the office in the column at the head of which you have placed the cross and write in the new name in the blank space underneath. Stickers will not be counted unless placed on the ballot by authority of the Secretary of State to correct an error or to fill a vacancy.

Barrie and the Caddie.
Once at Aberdeen J. M. Barrie gave his caddie two seats for "When Knights Were Bold" and on the links next day asked him how he liked it. "My wife laughed," said the cautious Scot. "And what did you think of it?" "Oh, I? Now, tell me, mon, do you make a good thing of it?" "I do pretty well." "Ye do?" said the caddie. "Then my advice to ye is to drop golf. Ye'll never make a living at that."

FOOD VIOLATORS
MAKE DONATIONS
TO THE RED CROSS

Failure to Obey Regulations Results in One Woman Appearing in U. S. Court—Other Placed on Probation.

Orono, Maine, August—Food violators in this State are commencing to realize that failure to comply with regulations will not be tolerated. Several individuals have voluntarily contributed One Hundred Dollars (\$100) to the Red Cross in lieu of other penalties while one violator has been arraigned before Commissioner Arthur Chapman of the United States Court for violating regulations and has been bound over to the September term of the United States District Court in the sum of Five Hundred Dollars (\$500). Several other food regulation violators have been placed on probation by Federal Food Administrator Leon S. Merrill.

John H. Russell, proprietor of the Manhattan Cafe, in Bangor, contributed One Hundred Dollars (\$100) to the Red Cross for violating food regulations and neglecting to secure a baker's license. Augustus Otten, a Waterville baker, has voluntarily given One Hundred Dollars (\$100) to the Red Cross in lieu of further penalties. He did not use the proper amount of wheat flour substitutes in the manufacture of bread.

Florence Barker who conducts a boarding house in Portland, failed to obey the regulations of the Food Administration, and is now held in the sum of Five Hundred Dollars (\$500) for her appearance at the September term of the United States District Court.

FOOD PRICES IN BELGIUM.

The price of meat has risen in Belgium from 35 cents to \$2.00 per pound. A pound of butter which before the war cost 35 cents now costs \$3.50. One egg costs 25 cents, and so does a pound of potatoes, which four years ago sold for one cent. The average cost of the daily living of a Belgian family of two adults and two children, which before the war was 62 cents a day, is now \$3.50, and the yearly budget of \$30 for food expenses alone has risen to \$1,240.

The rich people are spending their capital, the people of the middle class are completely ruined, and the laboring class, the majority of whom are unemployed, are on the verge of starvation, and entirely dependent on relief from outside. Most people have lost 25 per cent. of their weight; the cases of tuberculosis have increased 100 per cent. and the doctors in spite of their untiring devotion, can no longer cope with their task. The mortality has increased 100 per cent., while the birth rate has decreased by almost as much.

FEEDING THE ALLIES.

Exports of beef from the United States during the month of June totaled 92,173,000 pounds, of which 95 per cent. went to the United Kingdom, France, England and Belgium. The monthly average of beef exports for the three years preceding the war was 1,066,000 pounds.

Pork exports for June totaled 169,331,000 pounds, of which 83.5 per cent. went to the four Allies. The average monthly exportations of pork for the three years preceding the war was 41,581,567 pounds.

The amount of pork products received in England has enabled that country to lift the restrictions on the consumption of bacon.

HELPING FRENCH FARMERS.

America is helping France to rehabilitate her agriculture with a view of economizing tonnage from this country. France does not produce today anywhere near enough food for her army and civilian population, to say nothing of the food for the large foreign armies fighting in her territory. For instance, more than 330,000,000 bushels of wheat annually were required to satisfy the needs of the French people before the war. At present France produces scarcely more than 146,000,000 bushels. By restoring to cultivation most of the lands abandoned owing to labor scarcity, and by intensifying agricultural production, France's acres are being brought back to normal again.

THE ALLIED SUGAR BOWL.

That those who dare all must share all is the growing conviction in America. In fact, as the President said, speaking of the Allied nations, "We are eating at the common table with them."

Although there are some individual sugar bowls scattered here and there on this table, the family bowl into which America and the Allies must dip is the Western Hemisphere; for Java is out of reach, and the beet fields of Europe either lie inside the German lines or their production has been cut down by German invasion.

A careful survey of the sugar situation has prompted the Food Administration to drop the individual sugar ration from three pounds to two pounds a month. Two pounds per person for household purposes will put us on the level that England tries to maintain. The French ration is one-half pound and the Italian one pound, but it is not always possible to assure these quantities.

If you want metal for babble, we have it and will sell it at a reasonable price.

HARRISON

Mrs. Eliza Tarbox
Mrs. Eliza Tarbox of the late J. Ed. ward Tarbox passed away Wednesday morning at her home on Main St. after an illness of over a year.

Mrs. Tarbox was the daughter of Stephen and Catherine Whitney and has always lived in Harrison. Mrs. Tarbox has always been a much loved and faithful woman in the home and village. She was a member of the Free Baptist Church and Woodland Rebekah Lodge. Mrs. Tarbox leaves one son, Chester D. who has always lived at home and two grandchildren Edward S. and Colin H. Tarbox.

The funeral was held Friday afternoon at the church where many beautiful flowers showed something of the love and respect in which she was held. Burial was in the family lot at Harrison Cemetery.

Mark H. Sawyer

Mark H. Sawyer passed away at his home on School St., Wednesday morning after a long illness.

Mr. Sawyer was born and lived the greater part of his life in Portland. He was a veteran of the Civil War.

He leaves a wife who was Nellie Plummer of this town also one sister, Mrs. Banks of Portland.

The funeral was held Friday at ten o'clock with Rev. C. N. Davie officiating. The flowers were many and beautiful. Interment was in Evergreen Cemetery in Portland.

Catherine Grover has the whooping cough.

Draftees' dance, Norway, August 27. Mrs. Lucinda Smith of Danvers, Mass. is stopping with Mrs. Nellie Sawyer on School St.

Mr. and Mrs. Herbert Pitts and niece, Marion Adams of Springvale, were weekend guests of his brother, Mr. and Mrs. Marshall Pitts at Sunset Cottage.

Mrs. John Proctor of Naples is the guest of Mrs. Frank Bennett on Main St. About one hundred people were present at the "Community Sing" held Saturday evening at 7:30 at the L. O. O. F. Banquet Hall. Charles Harrison, the famous singer, who is spending the summer at his camp on Long Lake, is the director assisted by Mrs. Young.

Next Saturday evening another sing is to be held.

Doris Knight who has been working in Lovell spent several days at her home on Hillside Avenue the past week. She has now joined her mother in Bethel and is working at the Chapman Farm.

Lillian Jones, the nurse who has been caring for M. H. Sawyer, returned Monday to Portland.

Mrs. Hiram Willard of Sanford and three children are visiting at Mrs. Ada Pitts for a few days.

YOUNG MEN OF MAINE MUST
REGISTER AUGUST 24TH

Orders from Provost Marshall General Crowder require that all young men who have reached their twenty-first birthday since June 5, 1918, and those who will reach the age of twenty-one years on or before August 24th, must register on August 24, 1918, between the hours of 7 A. M. and 9 P. M. This registration will be made at the offices of the Local Boards, and at such registration places as shall be established by the Local Boards, and will be accomplished as a continuation of the registration of June 5, 1918. The immediate and imperative need of class I men makes this action necessary.

The registration of August 24th, must be confounded in any way with the much larger registration which will follow early in September and which will probably include all men between the ages of eighteen and forty-five who have not previously registered.

Young men should be warned not to neglect or disregard this matter thinking that it will do just as well for them to wait until September. Every male person who, on August 24, 1918 will have reached the age of twenty-one years since June 5, 1918, must register August 24th.

"Why the Fly"

"As for flies, I suppose that if a fly got into mess somebody would be put on the carpet, and if enough flies go in, there would be an inquiry with an unpleasant sequel for those responsible.

For flies kill men. They killed more men in the Spanish-American War than did the Spaniards. Five to one, at least. Maybe, ten to one," so says Samuel Hopkins Adams concerning methods of training in vogue at our national army camps.

"Flies are among the worst foes of men," says the State Department of Health in a recent bulletin. "Flies in Maine have altogether too much liberty and like German spies, they live altogether too long." Vital Statistics reports in this state indicate that people are still careless, that flies are free in many homes to come and go, scattering disease germs right and left. When we realize what the American army has done to exterminate the fly and how vital the army finds this work to be, the win-the-war people of Maine may well pronounce the sentence of death on the great pro-German criminal, the Fly.

Health the Aim

"Study the chart and watch yourselves grow," is the advice given some of the children in the New York City Schools, says the State Department of Health. The best part of the new scheme is that it works. It's fun too. The youngsters take a keen interest in knowing what their physical measurements ought to be and in making their muscles grow, in eating the right food to build bone and muscle, in making themselves better physical beings. In commenting on the plan a writer in the Survey said:—"In the past, health work even in the schools has concentrated usually on disease. Surely the time is coming swiftly when this will become subordinate, and health education will require in its scope, not clinics for defects, but classes for health."

Probably half the deaths that do not come from old age are due to ignorance. It is knowledge organized into sanitation, diet rules, medicine and surgery that has so wonderfully reduced those terrible death rates of medieval times and will reduce them still more in the days that are to come.

NORWAY AND VICINITY

Albert F. Canwell

After an illness that covered several years, Albert Francis Canwell passed away at his home on Water street, Friday morning at 5 o'clock, August 16, after becoming unconscious less than ten hours before. Bright's disease was the direct cause of his death.

Mr. Canwell had not been strong for many years and frequently required hospital treatment, owing to inherited ailments. About ten years ago he fell from a team while riding from his home to the shoe factory and injured his leg. Since that day he has been able to do only the lightest work. About two years ago Mr. Canwell was under a long treatment in the Central Maine General Hospital at Lewiston, but as his condition improved, he returned to Norway and has been given every possible attention. For a time he continued to gain, but during the past few months had steadily failed. He had a slight shock some two weeks before his death, but recovered. The use of the limbs and able to walk about the house, yet his speech failed to improve. Late Thursday afternoon he was in his usual condition, but a sudden change was noticed and heart trouble brought on a coma, from which he did not rally.

The deceased was born in West Sumner on August 23, 1858, the son of Jeremiah and Lucy (Abbott) Canwell. He came to Norway when a young man and worked on this section, in the Home Tannery and Cummings' shoe shop, later commenced shoe making with E. J. Sperry & Co. and became an experienced shoe dresser. He worked at this trade many years until the accident caused him to give up.

He married Mary Frost of Norway on Sept. 22, 1883 and they finally bought a home on Water street which the widow now occupies. They had no children. Willie Durel, a sister's child whom they adopted, lived with them several years, and an owl son could not have been more considerate and helpful during the years of illness.

Mr. Canwell was one of seven children. A brother James died in the Civil war and five sisters have also passed beyond. Besides his wife and adopted son, who has several children, he is survived only by four nephews and a niece.

For many years he attended the Norway Lodge I. O. O. F. meetings and had been greatly interested in the order during his long illness.

Services were held at his late home Sunday afternoon at 2 o'clock with the Old Fellows in charge. Rev. Dennis Joslin officiated, and with Mrs. Joslin rendered his favorite hymns, "Just One Moment," and "The Land of God." Burial in Pine Grove Cemetery.

HARKEN BACK ON THE PAST

Twenty-four Years Ago Last Week C. B. Cummings & Sons began business at their pancake factory this week with some twenty-five hands. This force will be increased next week.

H. G. Dinsmore, last week, found a bee nest in Greenwood from which he took a fine swarm of bees and a queen with three young ones. The old one was killed and the others taken home and caged. They are thriving well and have a decided appetite for pie.

The high school building will be ready for occupancy about the first of October.

The city of Portland sent a bill of \$178.75 for the use of steamer and hose company at our recent great fire. A check was sent and the bill was returned receipted and with it a letter came from Chief Engineer Little saying that by a vote of the Fire Department Committee the money was returned to the town as a donation. It is needless to say that our town appreciates their kindness. Their bill for services at that fire was very reasonable. They saved a large amount of property and we certainly feel thankful for the donation and doubly thankful for the services of their fire department.

The Norway clock committee are to purchase a weather-vane to put on the clock tower.

The amount published last week as subscribers for the Norway town clock and the names of the donors amounted to \$740.00, additions as follows:

F. R. Taylor, Brooklyn, N. Y. \$10.00
B. E. Farnsworth & Co., Portland \$10.00
W. Walker, South Paris \$10.00
Henry Tucker, Loganport, Ind. \$25.00

Twenty-four Years Ago This Week Frank Rawson of Mechanic Falls, with several men, two horses and a couple of capstans have been moving the use of the carriage factory and blacksmith's shop onto its new location on the Beals meadow. C. B. Cummings & Sons have purchased the lot and on it are to build a grist mill. Then a side track is to be laid to the mill and everything is to be made handy for business. The Cummings are having the building moved. Whether they will use steam or electric power has not been decided.

Dr. A. N. French is to have a cupola on his stable.

The town clock fund last week was published amounted to \$787.00. Mrs. J. C. Bullard, Cambridge, Mass., has contributed \$10.00.

The Odd Fellows' Block will be three stories and built of brick. On the first story there will be two stores, on the second several offices and on the third Odd Fellows' Hall, kitchen, pantry and anti-rooms. They are to commence building just as soon as they can make arrangements.

The new Congregational Church will seat about 200. The vestry which will seat about 200 will be connected with the auditorium by folding doors, which, when opened, will throw both rooms in one.

In the basement there is to be a dining room and kitchen and the remainder will be for the furnace, fuel, etc. It cost \$1,300 to put in the foundation and it is a good one. There will be four entrances to the church. The spire will be on the corner of Main and Paris streets.

"Chico," that bright little dog of J. O. Crooker's, that in winter wears a red blanket and in summer fiddles and barks about the hardware store and over the hay stacks, is missing. He was last seen Wednesday afternoon near the store door of Mr. Crooker. In the afternoon search was instituted and it has been continuous since but no trace of the dog can be found. He is of the black and tan variety with a white breast and is ten years old. Dead or alive, his owner wants to find him, of course he hopes he is living and may return.

Adeline DeCoster is stenographer at the Norway Post Office while Bessie Pottle has a two weeks' vacation.

Florence Scothorne, daughter of Mr. Fred Gurney of Hebron, and granddaughter of Mrs. Fannie Frost of Norway, left Portland Monday morning, Aug. 12, for New York, and will go in training camp till October, when she will start for France as a Red Cross nurse. She and her sister nurses were given a reception in the Congress Square Hotel Saturday evening. Miss Scothorne is a graduate of the Eye and Ear Infirmary in Portland, and is a step-sister to George Gurney now in France with Co. D, 108 U. S. Infantry.

Edward C. Winslow is having a vacation this week from Longley & Butts hardware store.

J. E. James' cottage at Lake Pennesseewassee was struck by lightning during the heavy shower Wednesday afternoon, August 14. A tree was splintered and the piazza damaged. The cottage was unoccupied, the guests leaving but a few days before.

Mr. and Mrs. Fred E. Gurney and family of Hebron spent Sunday with Archie Gurney and family. They came to attend the funeral of Mrs. Gurney's uncle, Albert F. Canwell.

Officers Charles Bagges and Horace Kimball were on duty dollar day and kept the traffic clear along Main street. At times some fifty or sixty automobiles were parked along the street from Printing office square to a point below Chas. F. Kilton's store. There were no smash-ups, and very little grumbling was thrown at the traffic cops. Saturday was one big day for the Norway stores.

Clarence W. Merrill and son George were in town from Bath over the week-end.

Several members of the fire department were called to the Richardson ruins Sunday to subdue a fire which had broken through the half burned hay mow. The debris was pitched over and flooded, covering embers which had been smoldering nearly a week.

Mrs. Hattie Brooks of Boston, Mass., is visiting her mother, Mrs. Charles C. Russell, on Whitman street, this week.

Richard Saleeby has been improving the grounds about his dwelling on Winter street. Considerable grading has been done and a concrete walk put in from the street to the front door.

Charles Locke is entertaining his brother, Joseph Locke and wife from Baldwin, Mass., this week. This is their first meeting in thirty years and the time is being given to recalling past events during this long absence.

Mrs. Ella Ham was the guest of Eugene Flood and family at Farmington from Thursday until the first of this week.

Lillian Everett picked a three in one cucumber in her war garden, which was a freak indeed. The main cucumber measured nearly four inches long, but the two grown so closely to its side were much smaller yet perfect, except where the parts united.

Oxford Electric Co. are flying a ten star, service flag from the staff on the car barn.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and was able to do most any kind of work. I have been recommending the Compound ever since and give you my personal testimony. Lydia E. Pinkham's Vegetable Compound was so successful in Miss Kelly's case because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared."

Operetta "Lost Necklace" A Success One of the largest audiences ever assembled in Norway Opera House greeted the Lost Necklace production Thursday evening, August 15, given by local talent as a Red Cross benefit.

This operetta was given in two acts with a Spanish scene representing a vineyard where grapes in profusion were trilled in a natural manner, forming a pretty setting for the large cast in picturesque costumes. The arrangement of the opera offered considerable variety in dialogue, vocal solos, characteristic tambourine dances and splendid chorus work.

The principal parts were taken by Marjorie Barker, as Margaret, the fair haired, blue eyed American girl; Berenice Nash, as Lolita, the Spanish girl; and Ruth Cummings, as Dolores, Spanish girl, and Ruth Akers as Emerald, the Queen of the Gypsies were parts well presented. Solos by the principals and Bessie Klein were finely rendered and received merited encores. The bolero danced by Esther Pike, Mildred Curtis, Ruth Cummings and Ruth Akers, the Gypsy dance by Cachuha by Ruth Akers were gracefully executed true to type and realistic in every particular.

A large, well trained chorus supported the leads and carried the show along with a noticeable feature, which changed the general color scheme and held the closest attention. The chorus represented first, the grape gatherers who entertained during the rest hour, then returned to fruit picking, and second the gypsies, a roving band bringing with them songs, dances and fortune telling.

Among the grape gatherers were Mildred Curtis, Ruth Cummings, Esther Pike, Adeline DeCoster, Doris Brooks, Marian Bradbury, Marion Gibson, Marion Haskell, Berenice Nash, Edith Salt, Katherine Flint, Mildred Noyes, Frances Bartlett, Florence Harriman, Mrs. Ethelyn Lasselle, Lapham, Marion Welch. The Gypsy band included Genevieve Barker and Mildred Holmes, as the toothless fortune tellers, Clara Sherman, Bessie Klein, Josephine Chase, Olive Stone, Ethel Thompson, Alice Bartlett, Mrs. Bessie Poss.

One feature as the climax at the conclusion of the show when the "Star Spangled Banner" suddenly appeared, and the full chorus brought the 800 people to their feet.

An orchestra who donated their services accompanied the operetta. The members were L. M. Rand of Boston, a violinist, who is a summer visitor here, Grace Dean, George Davis, George Soper and Mrs. A. A. Davis. The piano was played by Anderson was at the piano during the dance which followed the entertainment.

Mrs. Hugh Pendexter, chairman of the Norway chapter thanked the audience on behalf of the young ladies for their generous patronage which netted the Red Cross treasury \$218.08.

Everybody in town made an effort to bring this to a successful finish, and generously loaned costumes, gave their time and boosted the affair on every occasion. The expenses were low as the use of the Opera House and many incidents were given without cost. Harold A. Anderson donated his services as assistant stage director. Edward L. Burnell and others volunteered with the facial make-ups.

The business end included the following:

Business Manager—Marjorie Barker. Treas.—Bessie Stone. Com. on orchestra—Berenice Nash. Costuming—Marian Bradbury. Com. on stage and general decorations—Ruth Cummings. Advertising—Mildred Curtis. Rehearsal Accompanist—Genevieve Barker.

W. Eugene Everett and family have finished haying on their farm and returned to their home in the village. He commenced handling his wood business, Monday morning.

Alice Dyer, daughter of Sergt. and Mrs. Alfred J. Dyer was operated on for appendicitis in Central Maine General Hospital Friday afternoon. Mrs. Dyer accompanied her to Lewiston and remained until the evening train.

Prof. Gregg has his wrestling show at the Cornish fair this week. It is well arranged and should draw profitable business. Homer Truman, the Maine Champion, at 158 lbs. is the inside attraction. Canton will be the next stand, all aboard for the home cattle show.

Samuel Whalen, who has been living with his daughter, Mrs. Freeman C. Smith when in town, was removed to the Central Maine General Hospital the last part of last week for treatment. He has been falling during the past few weeks and confined to his bed.

Warnings are sent over the country to beware of strangers pretending to be government representatives who visit homes that display service flags and victimize relatives of men in the ranks overseas.

Base Ball

Stock Room 4; Cutting Room 0.

Fishers galaxy from the cutting room, known in the Cobblers' League as the \$1,000 Kampenheimer outfit, met defeat in the goose egg form on the fair grounds Friday evening. The stock men, who have been bucking hard luck during the summer, accumulated the necessary ginger and passed over a surprise, winning out in five innings by a score of 4 to 0.

Very little time was lost by the stock room to break the ice and capture a safe lead. Bancroft scored the first run on a hit into deep center, found second when Lapham made a wide throw and nailed the first tally on two passed balls. Le- the second inning on a fielder's choice, stolen bases and two clean hits. Sargent closed the score making in the fourth by securing first on Rine's fumble, stole second and scored when Jordan lammed into right field.

Only in two innings did the cutters have a look in for prize money. In the first inning with two gone, Currier found a pretty hit into center, stole second, but got nabbed on third while repeating the same trick. Another piece of luck was passed away. Lapham singled into right, White followed with a safe infield hit, but Currier closed the bid for a run as he was retired at the first sack. The following two innings failed to bring even a suggestion, not a player came within speaking distance of first base.

Carrollites 4; West Paris 0

After a long string of victories, West Paris ran into the whitewash brush on the fair grounds Saturday afternoon when the Norway Carrollites applied a coat to the tune of 4 to 0.

This was a "rubber game," each team having won a decision. The visitors brought their best outfit confidently expecting to carry home victory with a big margin. Norway had acquired strong material and were not going to give up without a struggle. By adding Hunt, the farmer-pitcher, Sweeney, a well known ball tosser, Fred Havenshill, and Jordan, a recent graduate from the Good Will Farm, made a combination of strength which placed the Norway shoemaking team in the running for a victorious career.

West Paris started Bacon in the box and he twirled a splendid game. Handicapped by a bad knee which interfered greatly with his work, the young artist steamed his best stuff across until the seventh inning, then retired to third base in favor of Harry Rowe, the old timer. Bacon returned to this old position in the eighth and held the Carrollites to a no-score and no-hit inning.

Contrary to the forecast from wise ones, Hunt made a real come-back after being on the farm and away from the box several years. He pitched a crooked assortment well served, which has fooled many hitters with an extra base reputation. The hard slugging visitors were not able to pound him to death and nearly every player made several attempts at fanning without results. Their hits were scattered and unable to cross across runs when needed. Excellent team work behind Hunt contributed in a large measure to the decisive victory.

Norway made her runs in pairs. The first set appeared in the third inning, because Hunt walked, Bethell put down a short infield hit and Packard's strong arm helped him along. LaFrance hit in to right put the runners across. Bacon's error in handling Jordan's pop fly, when too much assistance got him in Dutch, and a passed ball with Traflet's two bagger gave Norway one run in the sixth. Traflet also added his score as the last offering when he with great audacity stole home when catching Bacon and others west of their guard.

West Paris had several golden opportunities to come across as two men were left on bases at the close of each inning. One of the prettiest offerings appeared in the fifth when the bases were full with one gone, Packard was retired on a fly into left, and Bacon's runner being to canvas for a score, played the wrong card, being put out on third on a relay from LaFrance to Bethell to Purington. With a runner on second and third it seemed possible with two gone, they might at least land one lone rally, but Traflet's spectacular one hand slab after a backward run brought down safely Packard's fly, and closed the game.

have a few tennis shoes left, in men's and boys' sizes, which are genuine bargains—ask to see them when you are in.

We also have good prices on a few summer shirts which ought to be sold before the heavier fall and winter shirts are put on the counter. Overalls and frocks are not exactly bargains now-a-days, but they are a saving for more expensive clothing and we have several weights and colors at very reasonable prices compared with the prices of cotton cloth and labor that goes into the manufacturing of such goods.

In groceries, we have a very good assortment of canned goods and it is a good time to get a few cans home for fall and winter use, as they are sure to be higher in prices later on. Coffee and tea in several grades, spices, mustard, Arm & Hammer and Three Crow Soda; this latter soda has some money in the packages. Also pure cream tartar, which is very high; and two kinds of cream tartar substitute, very nice and a great saving in cost. Flour and flour substitutes, a very good assortment to choose from.

MAJ. LUCIAN W. BLANCHARD

Only a few days after his arrival home from Battle Creek, Mich., Maj. Lucian W. Blanchard died at Rumford at 1 o'clock Friday. Death was due to a serious heart trouble, from which he had been suffering for months.

Maj. Blanchard was the son of the late William M. and Desire (Farrar) Blanchard of Rumford, and was born in that town 38 years ago. He graduated from Rumford High School in 1898, from Bates College in 1902, and from the Boston University Law School in 1905. He was admitted to the bar and he formed a law partnership with the late E. H. Gleason, and after Mr. Gleason's death continued his law practice by himself. He was an active Republican, and in 1916 was elected county attorney of Oxford County as the candidate of that party, resigning the office to enter the United States service.

He was interested in military matters, and when Co. B of the Second Maine Regiment was formed at Rumford, he was its first captain. After a few years he resigned, but was always interested in the company. He was appointed on the staff of Governor William T. Haines as judge advocate general, and had since held the same position, being appointed by Governor Curtis and Governor Milliken.

When the Second Maine was called to the Mexican border, Co. B of Livermore Falls was without a captain, and Major Blanchard served in that capacity during the time the regiment was on the border.

In 1917 he entered the United States service, and was appointed judge advocate at Camp Custer, Battle Creek, Mich., to which station he immediately went. He was attacked by illness, and was in the hospital at Battle Creek for some months. His wife and daughter were with him from last December until their return home.

Besides his law practice, Maj. Blanchard had large real estate and business interests.

He was a member of the several Masonic bodies, the Odd Fellows, Knights of Pythias, and the Elks.

He married Claudia Priest of North Anson, who survives him, with one daughter, Lucene. He is also survived by a half brother, George Blanchard, and a nephew, Manley Blanchard, of Rumford.

PORTER

Daniel J. Fox

Daniel J. Fox passed away at his home at Porter Tuesday afternoon, August 13. He was the son of Ephraim and Sarah (Jewell) Fox and was born at Sebago, March 23, 1839. When he was a child, his parents moved into Porter where he was educated in the Porter school. He married Clara Sawyer of Porter, who died about eight years ago.

Farming was his main occupation through life. In his earlier days he had a saw-mill. Mr. Fox was agent for Bowker's Fertilizer Co. and York Mutual Fire Insurance Co. and was called to attend the duties of these two companies until a fortnight of his death.

Mr. Fox served his country during the Civil War and was a member of the Grand Army. He was also a member of the Knights of Pythias.

Mr. Fox leaves four children, William E. of North Waterford, Sheridan P., who with his wife, cared for Mr. Fox until the end, Mrs. Rose E. Eastman of Kears Falls and Mrs. Bertha E. Gilpatrick of South Hiram. He also left a number of grandchildren and great-grandchildren.

Two of his grandsons are serving their country at the present time, one in the navy and the other in France.

Funeral services were held at his home on Friday afternoon, conducted by Rev. Fred Ward of Hiram. Mr. Fox was a Christian life, attending church services whenever possible.

Bearers were Elias Garland, Charles Garland, Alphonse Gilpatrick and Ashley Weeks. The body was buried at Riverdale. The funeral tributes were many and beautiful.

Mr. and Mrs. Guy Durgin and Mr. Johnson of Portland were guests of John Bradstreet and his wife on Friday night.

Mr. and Mrs. Scott Peters and son Edward of Haverhill, Mass., attended the funeral of their uncle, D. J. Fox.

Mrs. Sheridan Fox in poor health. Mr. and Mrs. Willard Sawyer are stopping with her for the present. Mrs. Sawyer is caring for Mrs. Fox.

James Cole of Parsonsfield threshed oats for Charles Phillips last week.

Mr. and Mrs. Perley Day were guests of his father, Seth L. Day, Sunday.

Soldiers' Letters

A letter from Howard L. Chick of Norway from somewhere in France, July 24. Dear folks at home:

A year ago to-day I began my army career. It has been a short and very pleasant year although at times I was a little long for home. I am glad however of this opportunity to see new lands. Since leaving the States I have seen four great countries each of them differing from the other in many ways. It is forbidden to write the names of places so I can tell only about France and her heroic people.

France at first, seemed very strange to me, for the buildings and people are so different from those in the States. I suppose the best way of getting a conception of France is to see Paris which has not had the opportunity, I am in a small, though picturesque village.

The French are a wonderful people. After these four long years of suffering they are still cheerful and confident of the outcome of the war. They greatly admire the American soldiers. As one Frenchman told me, "Ils sont tres gai." He meant that they are very gay and lively. I had the opportunity to talk to a "Blue Devil" last night from Montreal Canada. They are soldiers whom the Germans greatly fear. This fellow had a Croix de Guerre, with stars and a palm leaf, which is the highest honor given by the French. He is now recovering from his fourth wound. He has survived on up to see him to-night. I think I shall go.

Raymond Evirs was down to see me this afternoon. Both he and Roland Nevers are well and so am I.

No doubt you have read the encouraging news lately in the papers. The German armies seem to be crumbling fast; it can be plainly seen that they are growing weaker while we are growing stronger every day. I believe, however, that they must be severely licked before they are ready to give in. I received a letter from Clarys, near some time ago. He was at the front then and was well.

We have wounded patients now quite often. I am up at three in the morning looking after the wounded coming in. I have been working day and night for a week. We are willing to do it and glad of the opportunity to help them.

They are a fine bunch of boys and are brave in their suffering. If they lose an arm or a leg they simply keep on smiling knowing that they have done their share.

How is every one in Norway, tell all my friends to write, letters are a great comfort.

Recently we had quite a tornado, we were all frightened; it was the worst storm I have ever witnessed. The lightning was the sharpest I have ever seen and it thundered deafeningly. The wind blew so it shook the buildings and the rain came down in torrents, turning to hail as large as moth balls. It broke almost every window in our ward and even battered down a door. The water was two inches deep on the floor.

I cannot realize this month is nearly over, time just flies. I suppose it is because I am so busy. The war news are very encouraging. The allies gained a great victory taking thousands of prisoners and many towns. I helped perform an autopsy the other day. Oh, I'll be able to kill your chickens when I get home so you won't have to send them down to Pledges. I have got accustomed to awful sights, and have had some great experiences.

Well I must close now. Lots of love from your son, Howard L. Chick.

This letter was written by T. Earle H. Bean A. S. Sig. R. G. U. S. Air Service, who is the son of H. W. Bean of Melrose, Mass. His father used to live at South Paris where he clerked and he is now a traveling salesman for sporting goods. Earle is a graduate of Harvard and Boston Technology and has been in France for a little less than a year.

The following letter was written to his uncle, Otho Bean who is stopping at the Crockett Camp at the lake. Otho R. Bean lived with Col. Crockett when a boy. Dear Uncle Otho:

Have been intending to write for a long time but I seem to find more to do every day. Clouds and wind prevented flying this morning so I am taking advantage of the vacation this morning.

The daily program for me now is breakfast at 5, truck to one of the fields at 5:30, flying beginning at 6, lunch at field mess, afternoon flying at 4, dinner at field mess 6, more flying from 7 to 9, truck back to main field, bed at 10. Usually take a nap after lunch. One day I put in four hours in the air.

Weather for flying has been wonderful for weeks. There has been so little rain that the crops are burning up and much of which was everywhere last fall and winter is unknown.

I like these Nieuports very much and have had good luck with the machines, getting good flying ships and usually good motors. Have had only one forced landing so far and had lots of height so I was O. K. When the grain is out there will be lots of landing fields around here, but at present wheat and oat fields are very numerous and lots of the boys have been trapped up (or run over on their back) by the high grain.

As soon as I finish my training (which will be this week) I expect to go to another section of Central France to continue my present teaching on types of Planes.

Best regards from your nephew, Earle.

This letter was received from Cecil N. Maxim now fighting in France with the Marines. He was in Norway and he graduated from the Norway High School. The letter was written to his mother, Mrs. E. H. Maxim of Paris.

Dear Mother:

Am well and in the best of health. Have not much to say except that I draw rations at one and by the time it is over and get supper it is six, then I start for the trenches and keep moving to get back by six the next morning. The road that I am on now is the worst one yet as

HILLS

The Jeweler and Optician

Opera House Block

NORWAY, ME.

It is under shell fire continually. I must say that we are lucky as they have not got us yet. Have dropped into shell holes and got tipped over a few times but that is all. I saw by the papers that things look brighter for us. The Italians are giving them Hail Columbia just now.

July 2nd. It is a week and a half since I last wrote and I guess you must be anxious. We have been on the move so have had very little sleep. The place we are in now is a dandy. Just think we are sleeping in beds with sheets and pillows why even night-shirts. The people have not left this place long. They got out thinking the Germans were coming thousands of dollars worth of stuffs, good tapestry behind. In my rooms there are mirrors, priceless pictures, clocks, tables chairs in Louis XVI style in fact it is a prince of a home. Some of the people are coming back.

We have been very busy since last February. I think we ought to get a rest soon. It will be good to get away from the sound of the guns. For the last two weeks if I could get two hours sleep out of the twenty-four I would think myself lucky.

We must not complain as fight is the only thing which will win this war. The Bochs say that the Americans are wicked fighters. They show no mercy and go right through when they get started. On our front they came ten to one at the 103rd. When they came over the top we let them come to the front line trench and then the 103rd called for a barrage and they got a good one right behind them and stopped them from getting back then we went for them not many got back. Our casualties were small.

Our officers are far more superior than theirs and can play as many tricks as they can.

We ate all in hopes to get home for Christmas.

July 4th. To-day being the fourth we do not fight. We are all celebrating today as we expect to go back to-night. We hate to leave here as we live in a "Chateau" at Thierry. We sleep in feather beds and you can guess we hate to give them up and it is not often we get that chance. The people left in a hurry and they left everything behind. Even a lot of wine but that is all gone now as the old 26th division got at it.

We have been on the move continually lately and we are very tired for we do not get much rest. This is a pretty country but I would not swap my garden in old Norway for the whole of France. We Americans are the real thing over here and the French think that we are the saving of France.

July 8th. A few lines to let you know that I am well and hope this will find you well and the children. Everything is going fine here. The boys are in the front lines now. The Bochs have no chance with the Americans and they have found out so in a good many ways. It is very hard to get food to them and it has to be carried a long way. It all has to be done at night and darkness is not long over here, some fellows have been seen at dawn and have had to lay low at night. It is tedious and when we have been at it two or three weeks without a decent wash or shave we do look like soldiers. I would feel better if my companions would leave me. We clean up in one town and the next place we strike we are alive again.

Won't we have something to laugh at and talk about when we get home. I say home for I am sure of it. Have no intention of making mine over here.

UNCLE SAM MAKES WORLD RECORD

Seventeen days after the keel was laid for the destroyer Ward at the Mare Island Navy Yard in California the boat was launched.

Workmen laid down the keel May 15, and this latest and largest type of destroyer took the water on June 1. She is already in commission.

It used to require twenty-four months to complete such a boat; now we do it in little more than half a month.

That is a world record for boat building, but it isn't the only record we are making.

People used to hear a great deal too much about German efficiency. From now on they're going to hear something about American efficiency.
